Welcome to Your 2023 Benefits

We are dedicated to providing you with unique benefits that meet the needs of you and your family. We understand the importance of a well-rounded benefits program, and because of that, we offer a range of plans that help protect you in the case of illness or injury. You can learn about the details of these plan options by reading through this Benefit Guide.

Starting with the basics of how to enroll, followed by the details of each plan, this guide is a go-to resource for all things benefits related. Once you better understand the various options we offer, you can make an informed decision on which plans work best for you and your family.

I encourage you to read through this booklet in its entirety. Included you will find details about:

- Who is eligible to participate
- How to enroll and how to make changes during the year, if applicable
- Each benefit offered and a summary of what is covered under the plan
- The Insurance Companies who administer our benefits and how to contact them if you need assistance
- And much more!

You may also find information on **Benefits Open Enrollment** and all your benefit options at <http://hr.richmond.edu/benefits/open-enrollment/index.html>, including medical plan comparisons and premiums.

Sincerely,

Laura Dietrick

Director of Benefits and Employee Well-Being

University of Richmond

If you (and/or your dependents) have Medicare or will become eligible for Medicare in the next 12 months, a Federal law gives you more choices about your prescription drug coverage. Please see page 35 for more details.

The information in this Enrollment Guide is presented for illustrative purposes and is based on information provided by the employer. The text contained in this Guide was taken from various summary plan descriptions and benefit information. While every effort was taken to accurately report your benefits, discrepancies or errors are always possible. In case of discrepancy between the Guide and the actual plan documents the actual plan documents will prevail. All information is confidential, pursuant to the Health Insurance Portability and Accountability Act of 1996. If you have questions about your benefits, contact Human Resources.

IMPORTANT PLAN UPDATES AND HIGHLIGHTS FOR 2023

Medical Insurance

- **New Fertility Benefits**

We are partnering with WINFertility to provide member advocacy and clinical program support. This is an important enhancement for our employees and their families should they seek fertility/family building medical support.

- **New Formulary for Prescription Drug Benefits**

Moving to a new formulary will keep overall premium costs lower than they might have been while providing little disruption to employee prescription drug benefits. Please see page 12 for more information and the link to the new formulary.

Dental Insurance will change for 2023

- The University has enhanced and broadened our dental insurance coverage.
- Delta Dental will be our new dental plan provider for 2023. Delta Dental has a broad network of providers in our region and across the country.
- Employees will now have a choice in the type of dental coverage they would like to purchase — a basic plan or an enhanced plan. Please see the details of each plan on page 23. The basic plan provides less coverage than our current plan but is less costly while the enhanced plan provides more extensive coverage, which employees have previously asked about. **Please note: If you are currently enrolled in the Anthem dental plan, you will be moved to the Delta Dental enhanced plan in the WEX Benefits Portal. If you wish to change or cancel your dental coverage, you may do so in the WEX Benefits Portal.**

Vision Insurance

- Premiums will decrease by 12.4% for 2023 while coverage will remain the same. Please see page 24 for more information.

Dependent Care and Medical Flexible Spending Accounts (FSA)

- Dependent Care and Medical Flexible Spending Accounts will be administered by WEX, effective Jan. 1, 2023. There will be a brief blackout period from January 1 - 13, 2023. During this time any 2022 balances will be rolled over to WEX and will not be available for reimbursement. If you have receipts you have not filed, you may wish to do so before December 31, 2022.

ENROLLMENT: WEX BENEFIT PORTAL

All full-time employees must log into the <https://benefitexpress.richmond.edu> during Benefits Open Enrollment to update, confirm, and/or change your benefits for 2023. The Open Enrollment portion of the portal will be available starting Oct. 31.

Note: You will receive email notifications from WEX, not Human Resources, about Open Enrollment. Please be on the lookout for important emails from noreply@mybenefitexpress.com.

Flexible Spending Accounts (FSA)

WEX | +1866-451-3399 | <https://benefitexpress.richmond.edu>

Dependent Care and Medical Flexible Spending Accounts will be administered by WEX effective Jan. 1, 2023. There will be a brief blackout period from January 1 – 13, 2023. During this time, any 2022 balances will be rolled over to WEX and will not be available for reimbursement. If you have receipts you have not filed, you may wish to do so before December 31, 2022.

More information is available here: <https://hr.richmond.edu/benefits/open-enrollment/fsa.html>

FSAs provide you with an important tax advantage that can help you pay for expenses on a pre-tax basis. By anticipating your family's costs for the next year, you can actually lower your taxable income. You may contribute to Flexible Spending Accounts (FSAs) to help with the cost of your eligible healthcare expenses. Contributions to your FSA are deducted from your pay prior to being taxed, which reduces your taxable income. You should contribute the amount of money you expect to spend on eligible expenses for the year.

You must enroll in your FSA every year to contribute. Your FSA plan options are shown below.

Dependent Care FSA

- Allows employees to use pre-tax dollars toward qualified dependent care such as caring for children under age 13 or caring for elders.
- **The annual contribution maximum is \$5,000** (or \$2,500 if married and filing separately).
- **Funds are only available after they are deducted from your paycheck. Funds are not eligible for carryover.**

Healthcare FSA

- Allows employees who are **not** enrolled in an HDHP or contributing to an HSA to pay for certain IRS-approved medical care expenses with pre-tax dollars.
- **The annual maximum contribution of \$3,050 can be used for eligible health care related expenses, including medical, dental and vision expenses.**
- There is a \$570 carryover for 2023.
- Services must be incurred between January 1 and December 31, 2023.
- All claims must be submitted by March 31, 2024.

Important Terms

Use the terms below to understand your benefits better!

Coinsurance	A percentage of the health care cost that the covered employee pays after meeting the deductible.
Copayment (Copay)	A fixed dollar amount for each doctor's visit that the covered employee pays for a health care service, usually when the service is received. For example, a primary care doctor may charge a nominal copay per visit.
Deductible	A fixed dollar amount that the covered employee must pay out-of-pocket each calendar year before the plan will begin reimbursing for non-preventive health expenses. Plans usually require separate limits for individual and other coverage tiers.
Explanation of Benefits (EOB)	A record of a person's past and current health events. A "detailed receipt." Ask for this whenever you have a medical service performed for your records. FSAs, HSAs and HRAs will sometimes need this additional verification.
Evidence of Insurability (EOI)	An application and approval process detailing your health status. The EOI process is required to purchase certain types or levels of insurance coverage.
Formulary	A list of prescription drugs covered by the health plan, often structured in tiers that subsidize low-cost generics at a higher percentage than more expensive brand name or specialty drugs.
Guaranteed Issue (GI)	The maximum amount of coverage you can obtain, regardless of health status.
In-Network	Doctors, clinics, hospitals and other providers with whom the health plan has an agreement to care for its members. Health plans cover a greater share of the cost for in-network health providers than for providers who are out-of-network.
Out-of-Network	A health plan will cover treatment for doctors, clinics, hospitals and other providers who are out-of-network, but covered employees will pay more out-of-pocket to use out-of-network providers than in-network providers.
Out-of-Pocket Maximum	The most an employee could pay during a coverage period (usually one year) for his or her share of the costs of covered services, including copayments and coinsurance.
Preventive Care	Most health plans must cover a set of preventive services – like shots and screening tests – at no cost to you. Visit https://www.healthcare.gov/coverage/preventive-care-benefits to view free preventive services for all adults, women and children.
Premium	The amount the employee pays for health insurance.
Qualifying Life Event	A change in your life that allows you to make changes to your benefits coverage outside of the annual open enrollment period. These changes include a change in marital status (marriage, divorce, death of spouse), a change in the number of eligible children (birth, adoption, death, aging-out), and a change in a family member's benefits eligibility under another plan (losing a job, Medicare or Medicaid eligibility, etc.)

These notices may require certain modifications to fit your exact circumstances in order to fulfill your legal obligations. There may also be other legal notices applicable to you that are not included within this packet. We recommend you review these notices with your legal counsel prior to distributing them to your employees and plan participants, and we are happy to assist you and/or your legal counsel with this review process.

IMPORTANT NOTICES

IMPORTANT NOTICE FROM YOUR EMPLOYER ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with your Employer and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Your employer has determined that the prescription drug coverage offered by the Medical Plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan while enrolled in your Employer's coverage as an active employee, please note that your Employer's coverage will be the primary payer for your prescription drug benefits and Medicare will pay secondary. As a result, the value of your Medicare prescription drug benefits will be significantly reduced. Medicare will usually pay primary for your prescription drug benefits if you participate in your Employer's coverage as a former employee.

You may also choose to drop your Employer's coverage. If you do decide to join a Medicare drug plan and drop your current your Employer's coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with your Employer and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For

IMPORTANT NOTICES

example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through your Employer changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or

IMPORTANT NOTICES

www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

HIPAA SPECIAL ENROLLMENT RIGHTS NOTICE

If you are declining enrollment in your Employer’s group health coverage for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents’ other coverage). However, you must request enrollment within 31 days after your or your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage).

IMPORTANT NOTICES

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Finally, you and/or your dependents may have special enrollment rights if coverage is lost under Medicaid or a State health insurance ("CHIP") program, or when you and/or your dependents gain eligibility for state premium assistance. You have 60 days from the occurrence of one of these events to notify the company and enroll in the plan.

WOMEN'S HEALTH CANCER RIGHTS ACT (WHCRA) NOTICE

Do you know that your Plan, as required by the Women's Health and Cancer Rights Act of 1998 (WHCRA), provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema?

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, contact your plan administrator.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT (NMHPA) NOTICE

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

HIPAA WELLNESS PROGRAM REASONABLE ALTERNATIVE STANDARDS NOTICE

Your group health plan is committed to helping you achieve your best health. Rewards for participating in a wellness program are available to all eligible employees. If you think you might be unable to meet a standard for a reward under this wellness program, you might qualify for an opportunity to earn the same reward by different means. Contact your Plan Administrator and we will work with you (and, if you wish, with your doctor) to find a wellness program with the same reward that is right for you in light of your health status.

The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you may be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You may be asked to complete a biometric screenings, which may include a blood test. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

Additional incentives may be available for employees who participate in certain other health-related activities or if they achieve certain health outcomes. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting your Plan Administrator.

IMPORTANT NOTICES

For each category of uses or disclosures we will explain what we mean and present some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose protected health information will fall within one of the categories.

For Treatment

We may use or disclose your protected health information to facilitate medical treatment or services by providers. We may disclose medical information about you to providers, including doctors, nurses, technicians, medical students, or other hospital personnel who are involved in taking care of you. For example, we may disclose your protected health information in a proceeding regarding the licensure of a physician.

To Plan Sponsors

For the purpose of administering the Plan, we may disclose to certain employees of the Employer protected health information. However, those employees will only use or disclose that information as necessary to perform Plan administration functions or as otherwise required by HIPAA, unless you have authorized further disclosures. Your protected health information cannot be used for employment purposes without your specific authorization.

Special Situations

In addition to the above, the following categories describe other possible ways that we may use and disclose your protected health information. For each category of uses or disclosures, we will explain what we mean and present some examples. Not every use or disclosure in a category will be listed. Your request should indicate in what form you want the list (for example, paper or electronic). We will attempt to provide the accounting in the format you requested or in another mutually agreeable format if the requested format is not reasonably feasible. The first list you request within a 12-month period will be provided free of charge. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

You also have the right to request a limit on your protected health information that we disclose to someone who is involved in your care or the payment for your care, such as a family member or friend. For example, you could ask that we not use or disclose information about a surgery that you had.

We are not required to agree to your request. However, if we do agree to the request, we will honor the restriction until you revoke it or we notify you. To request restrictions, you must make your request in writing to the Privacy Officer at the address provided above under Contact Information. **** Continuation Coverage Rights Under COBRA****

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation must pay for COBRA continuation coverage.

IMPORTANT NOTICES

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to University of Richmond and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer;; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 after the qualifying event occurs.

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

IMPORTANT NOTICES

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children's Health Insurance Program (CHIP), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of:

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

IMPORTANT NOTICES

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

Keep your Plan informed of address changes

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

Health Insurance Marketplace Coverage Options And Your Health Coverage – New Hire Only

Part A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment based health coverage offered by your employer

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.*

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

IMPORTANT NOTICES

** An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.*

How Can I get More Information?

For more information about the coverage offered by your employer, please check your summary plan description or contact Human Resources.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

Part B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is ordered to correspond to the Marketplace application.

Name of Entity/Sender:	University of Richmond
Contact--Position/Office:	Director of Benefits and Employee Well-Being
Address:	Human Resources, 231 Richmond Way, University of Richmond, VA 23173-0002
Phone Number:	804-289-8747

Your employer offers a health plan to eligible employees and dependents. See the Plan Information section of the SPD for details. This coverage meets the minimum value standard*, and the cost of this coverage to you is intended to be affordable based on employee wages.

Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount

**An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs (Section 36B(c)(2)(C)(ii) of the Internal Revenue Code of 1986).*
