Cigna provides access to virtual care through participating in-network providers. Not all providers have virtual capabilities. Cigna also provides access to virtual care through national telehealth providers as part of your plan. This service is separate from your health plan’s network and may not be available in all areas or under all plans. Referrals are not required. Video may not be available in all areas or with all providers. All health care providers are solely responsible for the treatment provided to their patients; providers are not agents of Cigna.
