## **Choice of Primary Care Physician**

We generally allow the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in our network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of your Identification Card or refer to our website, [www.anthem.com](http://www.anthem.com). For children, you may designate a pediatrician as the PCP.

## **Access to Obstetrical and Gynecological (ObGyn) Care**

You do not need prior authorization from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to our website, [www.anthem.com](http://www.anthem.com).

## **Additional Federal Notices**

### **Statement of Rights under the Newborns' and Mother's Health Protection Act**

Group health plans and health maintenance organizations generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the health maintenance organization for prescribing a length of stay not in excess of 48 hours (or 96 hours).

### **Statement of Rights under the Women's Cancer Rights Act of 1998**

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. (See the "Schedule of Benefits" for details.) If you would like more information on WHCRA benefits, call us at the number on the back of your Identification Card.

### **Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")**

If you or your Spouse are required, due to a QMCSO, to provide coverage for your child(ren), you may ask the Group to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

### **Mental Health Parity and Addiction Equity Act**

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on Mental Health and Substance Use Disorder benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering Mental Health and Substance Use Disorder benefits cannot set day/visit limits on Mental Health and Substance Use Disorder benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on Mental Health and Substance Use Disorder benefits offered under the Plan. Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out-of-pocket expenses on Mental Health and Substance Use Disorder benefits that are more restrictive than the predominant Deductibles, Copayment, Coinsurance and out-of-pocket expenses applicable to substantially all medical and surgical benefits in the same classification. Medical Necessity criteria are available upon request.

## Special Enrollment Notice

If you are declining enrollment for yourself or your Dependents (including your Spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan if you or your Dependents lose eligibility for that other coverage (or if the Employer stops contributing towards your or your Dependents' other coverage). However, you must request enrollment within 31 days after your or your Dependents' other coverage ends (or after the Employer stops contributing toward the other coverage).

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your Dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption. Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program).

The Subscriber or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call us at the Member Services telephone number on your Identification Card, or contact the Employer.

## Statement of ERISA Rights

Please note: This section applies to Employer sponsored plans **other than** Church Employer groups and government groups. If you have questions about whether this Plan is governed by ERISA, please contact the Plan Administrator (the Employer).

The Employee Retirement Income Security Act of 1974 (ERISA) entitles you, as a Member of the Employer under this Contract, to:

- Examine, without charge, at the Plan Administrator's office and at other specified locations such as worksites and union halls, all plan documents, including insurance contracts, collective bargaining agreements and copies of all documents filed by this plan with the U.S. Department of Labor, such as detailed annual reports and plan descriptions;
- Obtain copies of all plan documents and other plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for these copies; and
- Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for you and other Employees, ERISA imposes duties on the people responsible for the operation of your Employee benefit plan. The people who operate your plan are called plan fiduciaries. They must handle your plan prudently and in the best interest of you and other plan participants and beneficiaries. No one, including your Employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your right under ERISA. If your claim for welfare benefits is denied, in whole or in part, you must receive a written explanation of the reason for the denial. You have the right to have your claims reviewed and reconsidered.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan Administrator and do not receive them within 30 days, you may file suit in a federal court. In such case, the court may require the Plan Administrator to provide you the materials and

pay you up to \$110 a day until you receive the materials, unless the materials are not sent because of reasons beyond the control of the Plan Administrator. If your claim for benefits is denied or ignored, in whole or in part, you may file suit in a state or federal court. If plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or may file suit in a federal court. The court will decide who should pay court costs and legal fees. It may order you to pay these expenses, for example, if it finds your claim is frivolous. If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

## Introduction

### Welcome to HealthKeepers!

This Booklet gives you a description of your benefits while you are enrolled under the health care plan (the "Plan") offered by your Employer. You should read this Booklet carefully to get to know the Plan's main provisions and keep it handy for reference. A thorough understanding of your coverage will allow you to use your benefits wisely. If you have any questions about the benefits shown in this Booklet, please call the Member Services number on the back of your Identification Card.

The Plan benefits described in this Benefit Booklet are for eligible Members only. The health care services are subject to the limitations and Exclusions, Copayments, Deductible, and Coinsurance rules given in this Benefit Booklet. Any group plan or Booklet which you received before will be replaced by this Booklet.

**Your Employer has agreed to be subject to the terms and conditions of HealthKeepers' Provider agreements which may include pre-service review and utilization management requirements, coordination of benefits, timely filing limits, and other requirements to administer the benefits under this Plan.**

Many words used in the Booklet have special meanings (e.g., Employer, Covered Services, and Medical Necessity). These words are capitalized and are defined in the "Definitions" section. See these definitions for the best understanding of what is being stated. Throughout this Booklet you will also see references to "we", "us", "our", "you", and "your". The words "we", "us", and "our" mean the Claims Administrator or any of its subsidiaries, affiliates, subcontractors, or designees. The words "you" and "your" mean the Member, Subscriber and each covered Dependent.

If you have any questions about your Plan, please be sure to call Member Services at the number on the back of your Identification Card. Also be sure to check the Claims Administrator's website, [www.anthem.com](http://www.anthem.com), for details on how to find a Provider, get answers to questions, and access valuable health and wellness tips.

**Important: This is not an insured benefit Plan. The benefits described in this Booklet or any rider or amendments attached hereto are funded by the Employer who is responsible for their payment. HealthKeepers provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.**

## Schedule of Benefits

In this section you will find an outline of the benefits included in your Plan and a summary of any Deductibles, Coinsurance, and Copayments that you must pay. Also listed are any Benefit Period Maximums or limits that apply. Please read the “What’s Covered” and Prescription Drugs section(s) for more details on the Plan’s Covered Services. Read the “What’s Not Covered” section for details on Excluded Services.

All Covered Services are subject to the conditions, Exclusions, limitations, and terms of this Booklet including any endorsements, amendments, or riders.

**To get the highest benefits at the lowest out-of-pocket cost, you must get Covered Services from an In-Network Provider.** Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Plan will allow for a Covered Service. When you use an Out-of-Network Provider you may have to pay the difference between the Out-of-Network Provider’s billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. The exception to this is outlined in “Balance Billing by Out-of-Network Providers” in the “How Your Plan Works” section. This amount can be substantial. Please read the “Claims Payment” section for more details.

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider’s billed charges.

**Essential Health Benefits provided within this Booklet are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime and/or dollar maximum.**

**Essential Health Benefits are defined by federal law and refer to benefits in at least the following categories:**

- **Ambulatory patient services,**
- **Emergency services,**
- **Hospitalization,**
- **Maternity and newborn care,**
- **Mental Health and Substance Use Disorder services, including behavioral health treatment,**
- **Prescription drugs,**
- **Rehabilitative and habilitative services and devices,**
- **Laboratory services,**
- **Preventive and wellness services, and**
- **Chronic disease management and pediatric services, including oral and vision care.**

**Such benefits shall be consistent with those set forth under the Patient Protection and Affordable Care Act of 2010 and any regulations issued pursuant thereto.**

<p>Reminder: Your Coinsurance will be based on the Maximum Allowed Amount. If you use an Out-of-Network Provider, you may have to pay Coinsurance plus the difference between the Out-of-Network Provider’s billed charge and the Maximum Allowed Amount. The exception to this is outlined in “Balance Billing by Out-of-Network Providers” in the “How Your Plan Works” section.</p> <p>Note: The Coinsurance listed above may not apply to all benefits, and some benefits may have a different Coinsurance. Please see the rest of this Schedule for details.</p>

It does not include charges over the Maximum Allowed Amount or amounts you pay for non-Covered Services.</p>		

Out-of-Pocket Limit	In-Network	Out-of-Network
Once the Out-of-Pocket Limit is satisfied, you will not have to pay any additional Deductibles, Coinsurance, or Copayments for the rest of the Benefit Period, except for the services listed above.		
The In-Network and Out-of-Network Out-of-Pocket Limits are separate and do not apply toward each other.		

### Important Notice about Your Cost Shares

In certain cases, if we pay a Provider amounts that are your responsibility, such as Deductibles, Copayments or Coinsurance, we may collect such amounts directly from you. You agree that we have the right to collect such amounts from you. If you have paid the Provider the amounts that are your responsibility, and such amounts have been paid twice, we will seek repayment from the Provider.

The tables below outline the Plan's Covered Services and the cost share(s) you must pay. In many spots you will see the statement, "Benefits are based on the setting in which Covered Services are received." In these cases you should determine where you will receive the service (i.e., in a doctor's office, at an outpatient hospital facility, etc.) and look up that location to find out which cost share will apply. For example, you might get physical therapy in a doctor's office, an outpatient hospital facility, or during an inpatient hospital stay. For services in the office, look up "Office and Home Visits." For services in the outpatient department of a hospital, look up "Outpatient Facility Services." For services during an inpatient stay, look up "Inpatient Services."

If you do not use the Specialty Pharmacy, benefits will be covered at the Out-of-Network level.</p>		
<p>Note: Prescription Drugs will always be dispensed as ordered by your Doctor. You may ask for, or your Doctor may order, the Brand Name Drug. However, if a Generic Drug is available, you will have to pay the difference in the cost between the Generic and Brand Name Drug, as well as your Tier 1 Copayment / Coinsurance. If a Generic Drug is not available, or if your Doctor writes "Dispense as Written" or "Do not Substitute" on your Prescription, you will only have to pay the applicable Tier 2 or Tier 3 Copayment / Coinsurance. You will not be charged the difference in cost between the Generic and Brand Name Prescription Drug. By law, Generic and Brand Name Drugs must meet the same standards for safety, strength, and effectiveness. Using generics generally saves money, yet gives the same quality. For certain higher cost generic drugs, we reserve the right, in our sole discretion, to make an exception and not require you to pay the difference in cost between the Generic and Brand Name Drug.</p>		
<p>Note: When purchased from a retail or home delivery pharmacy, diabetic supplies, including test strips, are covered subject to applicable In- or Out-of-Network Prescription Drug cost share(s).</p>		

# How Your Plan Works

## Introduction

Your Plan is a Point of Service (POS) plan. The Plan has two sets of benefits: In-Network and Out-of-Network. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If you use an Out-of-Network Provider, you will have to pay more out-of-pocket costs.

To find an In-Network Provider for this Plan, please see “How to Find a Provider in the Network,” later in this section.

## In-Network Services

When you use an In-Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the In-Network level.

If you receive Covered Services from an Out-of-Network Provider after we failed to provide you with accurate information in our Provider Directory, or after we failed to respond to your telephone or web-based inquiry within the time required by federal law, your cost share for Covered Services will be based on the In-Network level.

Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We have complete authority to decide the Medical Necessity of the service. If you disagree with our determination, you have the right to file an appeal as described in the “Your Right to Appeal” section.

**In-Network Providers** include Primary Care Physicians / Providers (PCPs), Specialists (Specialty Care Physicians / Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for you. Referrals are never needed to visit an In-Network Specialist, including behavioral health Providers.

To see a Doctor, call their office:

- Tell them you are a HealthKeepers Member.
- Have your Member Identification Card handy. The Doctor’s office may ask you for your group or Member ID number.
- Tell them the reason for your visit.

When you go to the office, be sure to bring your Member Identification Card with you.

## In-Network Provider Services

For services from In-Network Providers:

1. You will not need to file claims. In-Network Providers will file claims for Covered Services for you. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by your In-Network Provider(s) for any non-Covered Services you get or when you have not followed the terms of this Booklet.
2. Precertification will be done by the In-Network Provider. (See the “Getting Approval for Benefits” section for further details.)

Please read the “Claims Payment” section for additional information on Authorized Services.

**Note:** Some provider practices participate in our networks as both Primary Care Providers and Urgent Care Centers. If the practice is not your Primary Care Provider, you may be responsible for the Urgent Care office visit cost share.

### **After Hours Care**

If you need care after normal business hours, your Doctor may have several options for you. You should call your Doctor's office for instructions if you need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If you have an Emergency, call 911 or go to the nearest Emergency Room. If you are experiencing a mental health crisis, you may also call 988 for assistance.

## **Out-of-Network Services**

When you do not use an In-Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Booklet.

For services from an Out-of-Network Provider:

1. The Out-of-Network Provider can charge you the difference between their bill and the Plan's Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments (Please see the "Balance Billing by Out-of-Network Providers" section that follows for exceptions and more details.);
2. You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);
3. You will have to pay for services that are not Medically Necessary;
4. You will have to pay for non-Covered Services;
5. You may have to file claims; and
6. You must make sure any necessary Precertification is done. (Please see "Getting Approval for Benefits" for more details.)

## **Balance Billing by Out-of-Network Providers**

### **Consolidated Appropriations Act of 2021 (CAA)**

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Act as well as the Provider transparency requirements that are described below.

### **Surprise Billing Claims**

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Emergency Services provided by Out-of-Network Providers;
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility; and
- Out-of-Network Air Ambulance Services.

### **No Surprises Act Requirements**

#### *Emergency Services*

As required by the CAA, Emergency Services are covered under your Plan:

- Without the need for Precertification;
- Whether the Provider is In-Network or Out-of-Network.

If the Emergency Services you receive are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if you receive Emergency Services from an Out-of-Network Provider, your out-of-pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, Out-of-Network cost shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating Out-of-Network Provider determines you are stable, meaning you have been provided necessary Emergency Care such that your condition will not materially worsen and the Out-of-Network Provider determines: (i) that you are able to be travel to an In-Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the Out-of-Network Provider after you are stabilized, you will be responsible for the Out-of-Network cost shares, and the Out-of-Network Provider will also be able to charge you any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

#### *Out-of-Network Services Provided at an In-Network Facility*

When you receive Covered Services from an Out-of-Network Provider at an In-Network Facility, your out-of-pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Provider. However, if the Out-of-Network Provider gives you proper notice of its charges, and you give written consent to such charges, claims will be paid at the Out-of-Network benefit level. This means you will be responsible for Out-of-Network cost shares for those services and the Out-of-Network Provider can also charge you any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This Notice and Consent process described below does not apply to Ancillary Services furnished by an Out-of-Network Provider at an In-Network Facility. Your Out-of-Pocket costs for claims for Covered Ancillary Services furnished by an Out-of-Network Provider at an In-Network Facility will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Provider. Ancillary Services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) laboratory and pathology services; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) Hospitalists; (I) Intensivists; and (J) any services set out by the U.S. Department of Health & Human Services.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

#### *Out-of-Network Air Ambulance Services*

When you receive Covered Services from an Out-of-Network Air Ambulance Provider, your out-of-pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Air Ambulance Provider.

#### *How Cost Shares Are Calculated*

Your cost shares for Surprise Billing Claims will be calculated based on the Recognized Amount. Any out-of-pocket cost shares you pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility or for Covered Services provided by an Out-of-Network Air Ambulance Service Provider will be applied to your In-Network Out-of-Pocket Limit.

## Appeals

If you receive Emergency Services from an Out-of-Network Provider, Covered Services from an Out-of-Network Provider at an In-Network Facility, or Out-of-Network Air Ambulance Services and believe those services are covered by the No Surprise Billing Act, you have the right to appeal that claim. If your appeal of a Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the “Your Right to Appeal” section of this Benefit Book.

## Connect with Us Using Our Mobile App

As soon as you enroll in this Plan, you should download our mobile app. You can find details on how to do this on our website, [www.anthem.com](http://www.anthem.com).

Our goal is to make it easy for you to find answers to your questions. You can chat with us live in the app, or contact us on our website, [www.anthem.com](http://www.anthem.com).

## How to Find a Provider in the Network

There are several ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See your Plan’s directory of In-Network Providers at [www.anthem.com](http://www.anthem.com), which lists the Doctors, Providers, and Facilities that participate in this Plan’s network. To locate In-Network Providers, select “Find Care”, log in or select “Basic search as a guest”, choose the type of provider you are searching for, your location, under “Select how you get health insurance”, select Medical (Employer-Sponsored), and under “Select a plan or network”, select HealthKeepers OAPOS.
- Search for a Provider in our mobile app.
- Contact Member Services to ask for a list of Doctors and Providers that participate in this Plan’s network, based on specialty and geographic area. Member Services can help you determine the Provider’s name, address, telephone number, professional qualifications, specialty, medical school attended, and board certifications.
- Check with your Doctor or Provider.

If you need details about a Provider’s license or training, or help choosing a Doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

Please note that we have several networks, and that a Provider that is In-Network for one plan may not be In-Network for another. Be sure to check your Identification Card or call Member Services to find out which network this Plan uses.

## Continuity of Care

If your In-Network Provider leaves our network for any reason other than termination for cause, retirement or death, you will be able to continue seeing that Provider for a limited period of time and still get In-Network benefits. We reimburse terminated Providers in accordance with the participation agreement that existed immediately prior to the Provider’s termination of participation.

When you have an existing provider-patient relationship with a Provider (this includes a provider group), care may continue as follows:

- 1) Covered Services from a Provider after the date the Provider has been terminated, care may continue for a period of 90 days;
- 2) Covered Services for a Member who has been determined by the Provider to have a life-threatening condition, care directly related to the life-threatening condition may continue for up to 180 days;
- 3) Members who are medically confirmed to be pregnant, care may continue through the postpartum care for that delivery;
- 4) Members who are determined to be terminally ill as defined by the Social Security Act, care directly related to the treatment of the terminal illness may continue for the remainder of the Member's life; or
- 5) Members who are admitted to and receiving treatment in any Inpatient Facility, care may continue until the Member is discharged from the Inpatient Facility.

An "existing provider-patient relationship" means the Provider has rendered health care services to the Member or admitted or discharged the Member in the previous 12 months.

If you wish to continue seeing the same Provider, you or your Doctor should contact Member Services for details.

In the absence of proper authorization for coverage at the In-Network level, you may choose to receive services on an out-of-network basis.

## **Your Cost Shares**

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you must pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the cost shares you must pay. Please read the "Schedule of Benefits" for details on your cost shares. Also read the "Definitions" section for a better understanding of each type of cost share. Accurate records of cost shares will be kept and when a member reaches the In-Network or Out-of-Network benefit period limit, they will be notified by us within 30 days. The Plan shall promptly refund all cost-sharing payments charged after the out-of-pocket maximum is reached and no additional cost-sharing shall be charged for the remainder of the Benefit Period.

## **Crediting Prior Plan Coverage**

If you were covered by the Employer's prior carrier / plan immediately before the Employer signs up with us, with no break in coverage, then you will get credit for any accrued Deductible and, if applicable and approved by us, Out-of-Pocket Limit amounts under that other plan. This does not apply to people who were not covered by the prior carrier or plan on the day before the Employer's coverage with us began, or to people who join the Employer later.

If your Employer moves from one of our plans to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no break in coverage, then you may get credit for any accrued Deductible and Out-of-Pocket Limit amounts, if applicable and approved by us. Any maximums, when applicable, will be carried over and charged against the maximums under this Plan.

If your Employer offers more than one of our products, and you change from one product to another with no break in coverage, you will get credit for any accrued Deductible and, if applicable, Out-of-Pocket Limit amounts and any maximums will be carried over and charged against maximums under this Plan.

If your Employer offers coverage through other products or carriers in addition to ours, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued Deductible, Out-of-Pocket Limit, and any maximums under this Plan.

**This Section Does Not Apply To You If:**

- Your Employer moves to this Plan at the beginning of a Benefit Period;
- You change from one of our individual policies to a group plan;
- You change Employers; or
- You are a new Member who joins the Employer after the Employer's initial enrollment with us.

## **The BlueCard Program**

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard," which provides services to you when you are outside our Service Area. For more details on this program, please see "Inter-Plan Arrangements" in the "Claims Payment" section.

## **Identification Card**

We will give an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only covered Members have the right to services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled to under the terms of this Booklet, he/she must pay for the actual cost of the services.

## Getting Approval for Benefits

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Certain Services must be reviewed to determine Medical Necessity in order for you to get benefits. Utilization Review criteria will be based on many sources including coverage and clinical guidelines. HealthKeepers, on behalf of the Employer, may decide that a service that was asked for is not Medically Necessary if a clinically equivalent treatment that is more cost effective is available and appropriate.

If you have any questions about the information in this section, you may call the Member Services phone number on the back of your Identification Card.

**Coverage for or payment of the service or treatment reviewed is not guaranteed even if it is determined that your services are Medically Necessary. For benefits to be covered, on the date you get service:**

1. You must be eligible for benefits;
2. Fees must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under your Plan;
4. The service cannot be subject to an Exclusion under your Plan; and
5. You must not have exceeded any applicable limits under your Plan.

### Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination, which is done before the service or treatment begins or admission date.
  - **Precertification** – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

For admissions following Emergency Care, you, your authorized representative or Doctor must tell us of the admission as soon as possible. For childbirth admissions, Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Childbirth admissions continuing beyond 48/96 hours from delivery require Precertification. Continued Stay admissions occur when there is a problem and/or the mother and baby are not sent home at the same time.

- **Continued Stay / Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination, which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-Service and Continued Stay / Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service has been provided. Post-service reviews are

performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

## Who is Responsible for Precertification?

Typically, In-Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other In-Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending Doctor (“requesting Provider”) will get in touch with us to ask for a Precertification. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
In-Network	Provider	<ul style="list-style-type: none"> <li>The Provider must get Precertification when required</li> </ul>
Out-of-Network/ Non-Participating	Member	<ul style="list-style-type: none"> <li>Member must get Precertification when required. (Call Member Services.)</li> <li>Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found to not be Medically Necessary.</li> </ul>
BlueCard Provider	Member <b>(Except for Inpatient Admissions)</b>	<ul style="list-style-type: none"> <li>Member must get Precertification when required. (Call Member Services.)</li> <li>Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found to not be Medically Necessary.</li> <li><b>BlueCard Providers must obtain Precertification for all Inpatient Admissions.</b></li> </ul>

**NOTE: For an Emergency Care admission, Precertification is not required. However, you, your authorized representative or Doctor must tell us of the admission as soon as possible.**

## How Decisions are Made

We use our clinical coverage guidelines and other applicable policies and procedures to help make our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider.” Coverage and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right, on behalf of the Employer, to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card.

If you are not satisfied with the decision under this section of your benefits, please refer to the “Your Right to Appeal” section to see what rights may be available to you.

## Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on federal laws. If you live in and/or get services in a state other than the state where your Contract was issued other state-specific requirements may apply. You may call the phone number on the back of your Identification Card for more details.

Type of Review	Timeframe Requirement for Decision and Notification
Urgent Pre-service Review	72 hours from the receipt of request
Non-Urgent Pre-service Review	15 calendar days from the receipt of the request
Urgent Concurrent / Continued Stay Review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Concurrent / Continued Stay Review when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	72 hours from the receipt of the request
Non-urgent Concurrent / Continued Stay Review for ongoing outpatient treatment	15 calendar days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make our decision, we will tell the requesting Provider of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe, we will make a decision based upon the information we have.

We will notify you and your Provider of the decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

## Important Information

On behalf of the Employer, HealthKeepers may, from time to time, waive, enhance, change or end certain medical management processes (including utilization management, case management, and disease management) and/or offer an alternate benefit if in our discretion, such change furthers the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to take part in a program or a Provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt your claim from medical review if certain conditions apply.

Just because HealthKeepers exempts a process, Provider or Claim from the standards which otherwise would apply, it does not mean that HealthKeepers will do so in the future or will do so in the future for any other Provider, claim or Member. HealthKeepers may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider arrangement by checking your on-line Provider Directory or contacting the Member Services number on the back of your ID card.

HealthKeepers also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then the Plan may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

## **Health Plan Individual Case Management**

Our health plan individual case management programs (Case Management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the Case Management Program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and teamwork with you and/or your chosen authorized representative, treating Doctor(s), and other Providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Maximums of this Plan. We will make any recommendation for alternate or extended benefits to the Plan on a case-by-case basis, if in our discretion the alternate or extended benefit is in the best interest of you and the Plan and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to you or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

In certain cases of severe or chronic illness or injury, we may provide benefits for alternate care that is not listed as a Covered Service. We may also extend Covered Services beyond the Benefit Maximums of this Plan. We will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of you and HealthKeepers and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

# What's Covered

This section describes the Covered Services available under your Plan. Covered Services are subject to all the terms and conditions listed in this Booklet, including, but not limited to, Benefit Maximums, Deductibles, Copayments, Coinsurance, Exclusions and Medical Necessity requirements. Please read the "Schedule of Benefits" for details on the amounts you must pay for Covered Services and for details on any Benefit Maximums. Also be sure to read "How Your Plan Works" for more information on your Plan's rules. Read the "What's Not Covered" section for important details on Excluded Services.

Your benefits are described below. Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to your claims. For example, if you have surgery, benefits for your Hospital stay will be described under "Inpatient Hospital Care" and benefits for your Doctor's services will be described under "Inpatient Professional Services." As a result, you should read all sections that might apply to your claims.

You should also know that many Covered Services can be received in several settings, including a Doctor's office or your home, an Urgent Care Facility, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where and from whom you choose to get Covered Services, and this can result in a change in the amount you need to pay. Please see the "Schedule of Benefits" for more details.

## Allergy Services

Your Plan includes benefits for Medically Necessary allergy testing and treatment, including allergy serum and allergy shots.

## Ambulance Services

Medically Necessary ambulance services are a Covered Service when:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

And one or more of the following criteria are met:

- For ground ambulance, you are taken:
  - From your home, the scene of an accident or medical Emergency to a Hospital;
  - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital;
  - Between a Hospital and a Skilled Nursing Facility or other approved Facility.
- For air or water ambulance, you are taken:
  - From the scene of an accident or medical Emergency to a Hospital;
  - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital;
  - Between a Hospital and an approved Facility.

Ambulance services are subject to Medical Necessity reviews by us. Emergency ground ambulance services do not require Precertification and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by us. When using an air ambulance for non-Emergency transportation, we reserve the right to select the air ambulance Provider.

You must be taken to the nearest Facility that can give care for your condition. In certain cases we may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include, but are not limited to, trips to:

- a) A Doctor's office or clinic;
- b) A morgue or funeral home.

### **Important Notes on Air Ambulance Benefits**

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Balance billing is prohibited for out-of-network emergency air ambulance services.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or a rehabilitation facility), or if you are taken to a Physician's office or your home.

### **Hospital to Hospital Transport**

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. **Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.**

### **Autism Services**

Your plan covers certain treatments associated with autism spectrum disorder (ASD). Coverage for ASD includes but is not limited to the following:

- diagnosis of autism spectrum disorder;
- treatment of autism spectrum disorder;
- pharmacy care;
- psychiatric care;
- psychological care; and
- therapeutic care.

Treatment for ASD includes applied behavior analysis when provided or supervised by a board-certified behavior analyst, licensed by the Board of Medicine, and billed by such behavior analyst, and the prescribing practitioner is independent of the provider of the applied behavior analysis.

Treatment for ASD also includes physical, occupational and speech therapy services. When associated with a diagnosis of ASD, these services will not apply to the benefit maximums for these services set forth in the “Therapy Services” section of the Schedule of Benefits.

## **Behavioral Health Services**

Please see “Mental Health and Substance Use Disorder Services” later in this section.

## **Blood and Administration of Blood Products**

Your Plan includes coverage for blood and the administration of blood products for the treatment of Hemophilia and congenital bleeding disorders.

## **Cardiac Rehabilitation**

Please see “Therapy Services” later in this section.

## **Cellular and Gene Therapy Services**

Your Plan includes benefits for certain cellular and gene therapy services, when HealthKeepers approves the benefits in advance through Precertification. See the section “Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services” for additional details.

## **Chemotherapy**

## Emergency Care Services

If you are experiencing an Emergency please call 911 or visit the nearest Hospital for treatment. If you are experiencing a mental health crisis, you may also call 988 for assistance.

### Emergency Services

Benefits are available in a Hospital Emergency Room or independent freestanding Emergency Facility for services and supplies to treat the onset of symptoms for an Emergency, which is defined below. Please see the “Emergency Room Services” section in the “Schedule of Benefits” for an outline of the benefits included in your plan. **Services that do not meet the definition of Emergency will not be covered.**

### Emergency (Emergency Medical Condition)

“Emergency,” or “Emergency Medical Condition” means regardless of the final diagnosis rendered to a covered person, a medical or behavioral health condition of recent onset and sufficient severity, including but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient’s mental or physical health or the health of another person in serious danger or, for a pregnant women, placing the women’s health or the health of her unborn child in serious danger; (b) danger of serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions as may be determined to be Emergencies by us.

### Emergency Care

“Emergency Care” means a medical or behavioral health screening exam done in the Emergency Department of a Hospital or independent freestanding Emergency Facility, and includes services routinely available in the Emergency Department to evaluate an Emergency Medical Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient. Stabilize means to provide treatment that assures that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility, or with respect to a pregnant woman, that the woman has delivered, including the placenta. Emergency Care may also include necessary services, including observation services, provided as part of the Emergency visit regardless of the department in which the services are provided.

Medically Necessary services will be covered whether you get care from an In-Network or Out-of-Network Provider. Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service, and as outlined in “Balance Billing by Out-of-Network Providers” in the “How Your Plan Works” section. You will still be responsible for any applicable Coinsurance, Copayment or Deductible. For Surprise Billing claims, the Out-of-Network Provider can only charge you any applicable Deductible, Coinsurance, and/or Copayment and cannot bill you for the difference between the Maximum Allowed Amount and their billed charges until your condition is stable and the Out-of-Network Provider has complied with the notice and consent process as described in “Balance Billing by Out-of-Network Providers” in the “How Your Plan Works” section. Your cost shares will be based on the Recognized Amount and will be applied to your In-Network Deductible and In-Network Out-of-Pocket Limit.

The Maximum Allowed Amount for Emergency Care from an Out-of-Network Provider will be determined using the median Plan In-Network contract rate we pay In-Network Providers for the geographic area where the service is provided for the same or similar services.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls us as soon as you are stabilized. We will review your care to decide if a Hospital stay is needed and how many days you should stay. See “Getting Approval for Benefits” for more details.

Treatment you get after your condition has stabilized and you are able to travel using non-medical or non-emergency medical transport is not Emergency Care. If you continue to get care from an Out-of-Network Provider, Covered Services will be covered at the Out-of-Network level unless we agree to cover them as an Authorized Service. In the Commonwealth of Virginia, Covered Services will be covered at the Out-of-Network level unless we agree to cover them as an Authorized service. If you continue to get care from an Out-of-Network Provider outside the Commonwealth of Virginia, Covered Services will not be available unless we agree to cover them as an Authorized Service.

## **Gender Affirming Services**

This Plan provides benefits for gender affirming services, including gender affirming surgery and hormone treatments, for Members diagnosed with Gender Dysphoria. “Medically necessary transition-related care” means any medical treatment prescribed by a licensed physician for treatment of gender dysphoria and includes (i) outpatient psychotherapy and mental health services for gender dysphoria and associated co-morbid psychiatric diagnoses; (ii) continuous hormone replacement therapy; (iii) outpatient laboratory testing to monitor continuous hormone therapy; and (iv) gender reassignment surgeries.

"Related services" includes earmolds, initial batteries, and other necessary equipment, maintenance, and adaptation training.

### Home Health Care Services

## Hospice Care

You are eligible for hospice care if your Doctor and the Hospice medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating Provider. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms but is not meant to cure a terminal illness. Covered Services include:

- Care from an interdisciplinary team with the development and maintenance of an appropriate plan of care to include palliative and supportive physical, psychological, psychosocial and other health services.
- Short-term Inpatient Hospital care when needed in periods of crisis or as respite care. Coverage includes short-term inpatient care, including both respite care and procedures necessary for pain control and acute chronic symptom management. Respite care means non-acute inpatient care for the covered person in order to provide the covered person's primary caregiver a temporary break from caregiving responsibilities.
- Skilled nursing services, home health aide services, and homemaker services given by or under the supervision of a registered nurse.
- Social services and counseling services from a licensed social worker.

Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated caregiver and individuals with significant personal ties for one year after the Member's death.

Your Doctor must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to us upon request.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a Member in Hospice. These services are covered under other parts of this Plan.

## Human Organ and Tissue Transplant (Bone Marrow / Stem Cell) Services, Cellular and Gene Therapy Services

Your Plan includes coverage for Medically Necessary human organ and tissue transplants as well as certain cellular and gene therapies. **To be eligible for coverage, we must approve the benefits in advance through Precertification and services must be performed by an approved In-Network Provider to be covered at the In-Network level.**

Certain transplants (e.g., cornea) are covered like any other surgery, under the regular inpatient and outpatient benefits described elsewhere in this Booklet.

In this section you will see some key terms, which are defined below:

## Covered Procedure

As decided by us, a Covered Procedure includes:

- Any Medically Necessary human solid organ, tissue, and stem cell / bone marrow transplants and infusions, and
- Any Medically Necessary cellular or other gene therapies, and
- Any Medically Necessary acquisition procedures, mobilization, collection and storage. It also includes Medically Necessary myeloablative or reduced intensity preparative chemotherapy, radiation therapy, or a combination of these therapies,

## Approved In-Network Provider

A Provider who has entered into an agreement with us to provide Covered Procedures to you. The agreement may only cover certain Covered Procedures or all Covered Procedures. Approved In-Network Providers may include the following:

- **Blue Distinction Center (BDC) Facility:** Blue Distinction facilities have met or exceeded national quality standards for care delivery of Covered Procedures.
- **Centers of Medical Excellence (CME) Facility:** Centers of Medical Excellence facilities have met or exceeded quality standards for care delivery of Covered Procedures.

## All Other Providers

Any Provider that is NOT an Approved In-Network Provider. This includes In-Network Providers who participate in the Plan's networks, but who are not an Approved In-Network Provider for a Covered Procedure, as well Out-of-Network Providers.

## Prior Approval and Precertification

**To maximize your benefits, you should call our Transplant Department as soon as you think you may need a Covered Procedure to talk about your benefit options. You must do this before you receive services.** We will help you maximize your benefits by giving you coverage information, including details on what is covered as well as information on any clinical coverage guidelines, medical policies, Approved In-Network Provider rules, or Exclusions that apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator.

You or your Provider must call our Transplant Department for Precertification prior to the Covered Procedure whether this is performed in an Inpatient or Outpatient setting. Your Doctor must certify, and we must agree, that the Covered Procedure is Medically Necessary. Your Doctor should send a written request for Precertification to us as soon as possible to start this process. Not getting Precertification will result in a denial of benefits.

Please note that there are cases where your Provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what Covered Procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or

collection and storage is NOT an approval for the later Covered Procedure. A separate Medical Necessity decision will be needed for the Covered Procedure.

## **Transportation and Lodging**

We will cover the cost of reasonable and necessary travel costs when you get prior approval and need to travel more than 60 miles from your permanent home to reach the Facility where the Covered Procedure will be performed. If the Member receiving care is a minor, then reasonable and necessary costs for transportation and lodging may be allowed for two companions. Covered Services will include the obstetrical care given by that Provider through the end of the pregnancy and the immediate post-partum period.

In the event you have a newborn experiencing a life-threatening emergency condition, you are not required to obtain prior authorization for the inter-hospital transfer of your newborn or the hospitalized mother of such newborn infant to accompany the infant.

**Important Note About Maternity Admissions:** Under federal law, the Plan may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). However, federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, the Plan may not require a Provider to get authorization from us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

  - a. Breast cancer,

Some categories and classes of contraceptives do not have Generics available and, in each of these categories, at least one Brand Drug is available at \$0 cost sharing when you receive it from an In-Network Provider. If your Provider determines that a Brand Drug with an available Generic therapeutic equivalent is Medically Necessary because a Generic equivalent drug is not appropriate for you, you may obtain coverage of the Brand Drug with \$0 cost-sharing if your Provider submits an exception request. Your Doctor must complete a contraceptive exception form and return it to us. You or your Doctor can find the form online at [https://file.anthem.com/Anthem\\_ABS\\_BrandContraceptiveCopayWaiverForm.pdf](https://file.anthem.com/Anthem_ABS_BrandContraceptiveCopayWaiverForm.pdf) or by calling the number listed on the back of your ID Card. If Medical Necessity has been determined by your Provider, an exception will be granted and coverage of the Drug will be provided at \$0 cost sharing. Otherwise, Brand Drugs will be covered under the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy." Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. - “Telemedicine / Telehealth” means the delivery of health care or other health services using electronic communications and information technology, including: live (synchronous) secure videoconferencing or secure instant messaging; interactive store and forward (asynchronous) technology; or remote patient monitoring technology. Covered Services are provided to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and/or mental health. In-person contact between a health care Provider and the patient is not required for these services, and the type of setting where these services are provided is not limited.

"Remote patient monitoring" means the delivery of home health services using telecommunications technology to enhance the delivery of home health care, including monitoring of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other condition-specific data; medication adherence monitoring; and interactive video conferencing with or without digital image upload.

Benefits also do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, insurance coverage or payment questions, asking for referrals to Providers outside our network, benefit Precertification, or Provider to Provider discussions except as approved under “Office and Home Visits.”

If you have any questions about this coverage, please contact Member Services at the number on the back of your Identification Card.

## Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs that must be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting. Benefits for Drugs that you inject or get through your Pharmacy benefits (i.e., self-administered Drugs) are not covered under this section. Benefits for those Drugs are described in the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy" section.

### Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Doctor may be asked to give more details before we can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated,
- Use of a Prescription Drug List (a formulary developed by us) which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

### Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound ingredients within a compound drug are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, ingredients of the compound drug are FDA approved, require a prescription to dispense, and are not essentially the same as an FDA-approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

### Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of our decision to both you and your Provider.

For a list of Prescription Drugs that need Precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section “Getting Approval for Benefits” for more details.

If Precertification is denied you have the right to file an appeal as outlined in the “Your Right to Appeal” section of this Booklet.

### **Designated Pharmacy Provider**

HealthKeepers, in its sole discretion, may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with HealthKeepers. You or your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider’s office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider’s office.

The Plan may also require you to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia, Cancer, Rheumatoid Arthritis, Crohn’s Disease, and Psoriasis. We reserve our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. HealthKeepers may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a Drug, if in our discretion, such change can help provide cost effective, value based and/or quality services.

If you are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider, coverage will be provided at the Out-of-Network level. However, you may have coverage for Prescription Drugs that are provided by an In-Network Provider that is not a Designated Pharmacy Provider if such In-Network Provider or its intermediary has notified us of its agreement to execute a Designated Pharmacy Provider Agreement applicable to Designated Pharmacy Providers.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check our website at [www.anthem.com](http://www.anthem.com).

## **Therapeutic Equivalents**

Therapeutic equivalents is a program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic equivalent is right for you. For questions or issues about therapeutic Drug equivalents call Member Services at the phone number on the back of your Identification Card.

## Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy

Your Plan also includes benefits for Prescription Drugs you get at a Retail or Mail Order Pharmacy. We use a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a Home Delivery (Mail Order) Pharmacy, and a Specialty Pharmacy. The PBM works to make sure Drugs are used properly. This includes checking that Prescriptions are based on recognized and appropriate doses and checking for Drug interactions or pregnancy concerns.

**Please note:** Benefits for Prescription Drugs, including Specialty Drugs, which are administered to you by a medical Provider in a medical setting (e.g., doctor's office visit, home care visit, or outpatient Facility) are covered under the "Prescription Drugs Administered by a Medical Provider" benefit. Please read that section for important details.

### Prescription Drug Benefits

Prescription Drug benefits may require prior authorization to determine if your Drugs should be covered. Your In-Network Pharmacist will be told if Prior Authorization is required and if any additional details are needed for us to decide benefits.

#### Prior Authorization

Prescribing Providers must obtain prior authorization in order for you to get benefits for certain Drugs. At times, your Provider will initiate a prior authorization on your behalf before your Pharmacy fills your Prescription. At other times, the Pharmacy may make you or your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated,
- Use of a Prescription Drug List (as described below).

You or your Provider can get the list of the Drugs that require prior authorization by calling Member Services at the phone number on the back of your Identification Card or check our website at [www.anthem.com](http://www.anthem.com). The list will be reviewed at least annually and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

HealthKeepers may, from time to time, waive, enhance, change or end certain prior authorization and/or offer alternate benefits, if in our sole discretion, such change furthers the provision of cost effective, value based and/or quality services. If your prior authorization is for a Brand/Biologic agent, your authorization may be updated to a Generic/Biosimilar if one becomes available on the market before your authorization expires.

If prior authorization is denied you have the right to file a Grievance as outlined in the “Grievance/Appeal and External Review Procedures” section of this Booklet.

We will not deny Prescription Drugs (or inpatient or IV therapy Drugs) used in the treatment of cancer pain on the basis that the dosage exceeds the recommended dosage of the pain relieving agent, if prescribed in compliance with established statutes pertaining to patients with intractable cancer pain.

Benefits will not be denied for any Drug prescribed, on an inpatient or outpatient basis, to treat a covered indication so as long as the Drug has been approved by the United States Food and Drug Administration for at least one indication and the Drug is recognized for treatment of the covered indication in one of the standard reference compendia or in substantially accepted peer-reviewed medical literature.

Additionally, benefits will not be denied for any Drug, prescribed on an inpatient or outpatient basis, approved by the United States Food and Drug Administration for use in the treatment of cancer on the basis that the Drug has not been approved by the United States Food and Drug Administration for the treatment of specific type of cancer for which the Drug has been prescribed, provided the Drug has been recognized as safe and effective for treatment of that specific type of cancer in any of the standard reference compendia.

## **Where You Can Get Prescription Drugs**

### **In-Network Pharmacy**

You can visit one of the local Retail Pharmacies in our network. Give the Pharmacy the prescription from your Doctor and your Identification Card and they will file your claim for you. You will need to pay any Copayment, Coinsurance, and/or Deductible that applies when you get the Drug. If you do not have your Identification Card, the Pharmacy will charge you the full retail price of the Prescription and will not be able to file the claim for you. You will need to ask the Pharmacy for a detailed receipt and send it to us with a written request for payment.

**Important Note:** If we determine that you may be using Prescription Drugs in a harmful or abusive manner, your selection of In-Network Pharmacies may be limited. If this happens, we may require you to select a single In-Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single In-Network Pharmacy. We will contact you if we determine that use of a single In-Network Pharmacy is needed and give you options as to which In-Network Pharmacy you may use. If you do not select one of the In-Network Pharmacies we offer within 31 days, we will select a single In-Network Pharmacy for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the “Grievance/Appeal Process” section of this Booklet.

In addition, if we determine that you may be using Controlled Substance Prescription Drugs in a harmful or abusive manner, your selection of In-Network Providers for Controlled Substance Prescriptions may be limited. If this happens, we may require you to select a single In-Network Provider that will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescriptions will only be paid if you use the single In-Network Provider. We will contact you if we determine that use of a single In-Network Provider is needed and give you options as to which In-Network Provider you may use. If you do not select one of the In-Network Providers we offer within 31 days, we will select a single In-Network Provider for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the “Grievance/Appeal Process” section of this Booklet.

### **Maintenance Pharmacy**

You may also obtain a 90-day supply of Maintenance Medications from a Maintenance Pharmacy. A Maintenance Medication is a Drug you take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If you are not sure the Prescription Drug you are taking is a Maintenance Medication or need to determine if your Pharmacy is a Maintenance

Pharmacy, please call Member Services at the number on the back of your Identification Card or check our website at [www.anthem.com](http://www.anthem.com) for more details.

### **Specialty Pharmacy**

We keep a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time, but will be reviewed at least annually. We may require you or your doctor to order certain Specialty Drugs from the PBM's Specialty Pharmacy.

When you use the PBM's Specialty Pharmacy, its patient care coordinator will work with you and your Doctor to get prior authorization and to ship your Specialty Drugs to your home or your preferred address. Your patient care coordinator will also tell you when it is time to refill your prescription.

You can get the list of covered Specialty Drugs by calling Member Services at the phone number on the back of your Identification Card or check our website at [www.anthem.com](http://www.anthem.com).

### **Home Delivery Pharmacy**

The PBM also has a Home Delivery Pharmacy that lets you get certain Drugs by mail if you take them on a regular basis. You will need to contact the PBM to sign up when you first use the service. You can have your doctor send Prescriptions electronically, via fax or phone call, or you can submit written Prescriptions from your Doctor to the Home Delivery Pharmacy.

**Home Delivery for Maintenance Medications** – If you are taking a Maintenance Medication, you may get the first 30-day supply and one 30-day refill of the same Maintenance Medication at your local Retail Pharmacy. You must then contact the Home Delivery Pharmacy and tell them if you would like to keep getting your Maintenance Medications from your local Retail Pharmacy or if you would like to use the Home Delivery Pharmacy. You will have to pay the full retail cost of any Maintenance Medication you get without registering your choice each year through the Home Delivery Pharmacy. You can tell us your choice by phone at the number on the back of your ID Card by visiting our website at [www.anthem.com](http://www.anthem.com).

A Maintenance Medication is a Drug you take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If you are not sure if the Prescription Drug you are taking is a Maintenance Medication, please call Member Services at the number on the back of your Identification Card or check our website at [www.anthem.com](http://www.anthem.com) for more details.

### **Out-of-Network Pharmacy**

You may also use a Pharmacy that is not in our network. You will be charged the full retail price of the Drug and you will have to send your claim for the Drug to us. (Out-of-Network Pharmacies won't file the claim for you.) You can get a claims form from us or the PBM. You must fill in the top section of the form and ask the Out-of-Network Pharmacy to fill in the bottom section. If the bottom section of this form cannot be filled out by the pharmacist, you must attach a detailed receipt to the claim form. The receipt must show:

- Name and address of the Out-of-Network Pharmacy;
- Patient's name;
- Prescription number;
- Date the prescription was filled;
- Name of the Drug;
- Cost of the Drug;
- Quantity (amount) of each covered Drug or refill dispensed.

You must pay the amount shown in the Schedule of Benefits. This is based on the Maximum Allowed Amount as determined by our normal or average contracted rate with network pharmacies on or near the date of service.

## **Services of Non-Participating Pharmacies**

Notwithstanding any provision in this Booklet to the contrary, you have coverage for outpatient prescription drug services, including specialty drugs, provided to you by an Out-of-Network pharmacy, when the Out-of-Network pharmacy or its intermediary has previously notified the PBM of its agreement to accept reimbursement for its services at rates applicable to In-Network pharmacies including any applicable copayment, coinsurance and/or deductible (if any) amounts as payment in full to the same extent as coverage for outpatient prescription drug services provided to you by an In-Network provider. Note, however, that this paragraph shall not apply to any pharmacy which does not execute a participating pharmacy agreement with the PBM or its designee within thirty days of being requested to do so in writing by the PBM, unless and until the pharmacy executes and delivers the agreement.

## **What You Pay for Prescription Drugs**

### **Tiers**

Your share of the cost for Prescription Drugs may vary based on the tier the Drug is in.

- Tier 1 Drugs have the lowest Coinsurance or Copayment. This tier contains low cost and preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.
- Tier 2 Drugs have a higher Coinsurance or Copayment than those in Tier 1. This tier may contain preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.
- Tier 3 Drugs have a higher Coinsurance or Copayment than those in Tier 2. This tier may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.

Drugs are assigned to tiers based on clinical findings from the Pharmacy and Therapeutics (P&T) Process. We, on behalf of the Employer, decide coverage for doses and administration (i.e., oral, injection, topical, or inhaled). The Plan may cover one form of administration instead of another or put other forms of administration in a different tier. We will provide at least 30 days prior written notice of any modification to a formulary that results in the movement of a Prescription Drug to a tier with higher cost-sharing requirements.

### **Prescription Drug List**

We also have an Anthem Prescription Drug List, (a formulary), which is a list of Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. Benefits may not be covered for certain Drugs if they are not on the Prescription Drug List.

The Drug List is developed by us based upon clinical findings, and where proper, the cost of the Drug relative to other Drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over-the-counter medicines, Generic Drugs, the use of one Drug over another by our Members, and where proper, certain clinical economic reasons.

We, on behalf of the Employer, decide coverage based upon medication dosage, dosage forms, manufacturer, and administration methods (i.e., oral, injection, topical, or inhaled) and may cover one form instead of another as Medically Necessary.

You may request a copy of the covered Prescription Drug list by calling the Member Services telephone number on the back of your Identification Card or visiting our website at [www.anthem.com](http://www.anthem.com). The covered Prescription Drug list is subject to periodic review and amendment. Inclusion of a Drug or related item on the covered Prescription Drug list is not a guarantee of coverage.

There are two exceptions to the formulary requirement:

- You may obtain coverage without additional cost sharing beyond that which is required of formulary prescription drugs for a non-formulary drug if we determine, after consultation with the prescribing physician, that the formulary drugs are inappropriate for your condition
- You may obtain coverage without additional cost sharing beyond that which is required of formulary prescription drugs for a non-formulary drug if:
  - You have been taking or using the non-formulary prescription drug for at least six months prior to its exclusion from the formulary; and
  - The prescribing physician determines that either the formulary drugs are inappropriate therapy for your condition, or that changing drug therapy presents a significant health risk.

We will act upon such requests within one business day of the receipt of the request.

#### *Request for Step Therapy Protocol Exception*

Step therapy is the process of requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment. A step therapy protocol means a set sequence in which Prescription Drugs for a specified medical condition and medically appropriate for a particular patient are covered under the Plan.

If you or your Doctor believes the step therapy protocol should be overridden in favor of immediate coverage of the Doctor's selected Prescription Drug, please have your Doctor get in touch with us to request a step therapy exception.

We will act upon requests for step therapy exceptions within 72 hours of receiving the request, including hours on weekends. In cases where exigent circumstances exist (if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the Plan), we will respond within 24 hours of receiving the request, including hours on weekends. In both cases, our response will indicate whether the exception request is approved, denied or requires additional supplementation.

If the step therapy exception request is denied you have the right to file a Grievance as outlined in the "Grievance/Appeal and External Review Procedures" section of this Booklet.

#### **PreventiveRx Benefit**

Your Plan includes the PreventiveRx benefit. This benefit waives Copayments, Coinsurance, and Deductibles on Prescription Drugs listed in the PreventiveRx Enhanced List when you use an In-Network Provider. These drugs have been found useful in preventing disease or illness. You can get a copy of this list at [www.anthem.com](http://www.anthem.com). The list will be reviewed and updated from time to time.

## **Additional Features of Your Prescription Drug Pharmacy Benefit**

### **Day Supply and Refill Limits**

Certain day supply limits apply to Prescription Drugs as listed in the “Schedule of Benefits.” In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases we may let you get an early refill. For example, we may let you refill your prescription early if it is decided that you need a larger dose. We will work with the Pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call our PBM and ask for an override for one early refill. If you need more than one early refill, please call Member Services at the number on the back of your Identification Card.

### **Partial Supply of Prescription Drugs**

HealthKeepers shall permit and apply a prorated daily cost-sharing rate to Prescriptions that are dispensed by an In-Network Pharmacy for a partial supply, if the prescribing Provider or the pharmacist determines the fill or refill to be in the best interest of the Member, and the Member requests or agrees to a partial supply for the purpose of synchronizing the Member’s medications. Such a proration shall not occur more frequently than annually.

### **Therapeutic Equivalents**

Therapeutic equivalents is a program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic equivalent is right for you. For questions or issues about therapeutic Drug equivalents call Member Services at the phone number on the back of your Identification Card.

## **Split Fill Dispensing Program**

The split fill dispensing program is designed to prevent and/or minimize wasted Prescription Drugs if your Prescription Drugs or dose changes between fills, by allowing only a portion of your prescription to be filled. This program also saves you out-of-pocket expenses. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side effects. You can access the list of these Prescription Drugs by calling the toll-free number on your member ID card or log on to the website at [www.anthem.com](http://www.anthem.com).

## **Special Programs**

Except when prohibited by federal regulations (such as HSA rules), from time to time we may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery Drugs, over the counter Drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time.

## **Rebate Impact on Prescription Drugs You Get at Retail or Home Delivery Pharmacies**

HealthKeepers and/or its PBM may also, from time to time, enter into agreements that result in HealthKeepers receiving rebates or other funds ("rebates") directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by HealthKeepers from rebates on Prescription Drugs purchased by you from Retail, Home Delivery, or Specialty Pharmacies under this section. If the Prescription Drug purchased by you is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the Maximum Allowed Amount for the Prescription Drug. Any Deductible or Coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all Members enrolled in coverage of this type.

It is important to note that not all Prescription Drugs are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time you purchase the Prescription Drug, the amount of the rebate applied to your claim will be based on an estimate. Payment on your claim will not be adjusted if the later determined rebate value is higher or lower than our original estimate.

## Claims Payment

This section describes how we reimburse claims and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

### Maximum Allowed Amount

#### General

This section describes how we determine the amount of reimbursement for Covered Services. Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on this Booklet's Maximum Allowed Amount for the Covered Service that you receive. Please see "Inter-Plan Arrangements" later in this section for additional information.

The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement allowed for services and supplies:

- That meet the definition of Covered Services, to the extent such services and supplies are covered under your Plan and are not excluded;
- That are Medically Necessary; and
- That are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your Booklet.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. When you receive Covered Services from an Out-of-Network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant. The exception to this is outlined in "Balance Billing by Out-of-Network Providers" in the "How Your Plan Works" section. Please refer to that section for more details.

When you receive Covered Services from a Provider, we will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services you received were not Medically Necessary. It means we have determined that the claim was submitted inconsistent with procedure coding rules, reimbursement policies, and/or reimbursement requirements. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Doctor or other healthcare professional, we may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

“Per diem amount” means an all-inclusive fixed payment amount for each day of admission in an inpatient facility.

#### Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network Provider or an Out-of-Network Provider.

An In-Network Provider is a Provider who is in the managed network for this specific product or in a special Center of Medical Excellence/or other closely managed specialty network, or who has a participation contract with us. For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for this Booklet is the rate the Provider has agreed with us to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding an In-Network Provider or visit [www.anthem.com](http://www.anthem.com).

Providers who have not signed any contract with us and are not in any of our networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

Except for claims subject to the balance billing provisions outlined in “Balance Billing by Out-of-Network Providers” in the “How Your Plan Works” section, we will calculate the Maximum Allowed Amount for Covered Services you receive from an Out-of-Network Provider using one of the following as determined by us:

1. An amount based on our non-participating Provider fee schedule/rate, which we have established in our discretion, and which we reserve the right to modify from time to time, after considering one or more of the following: the statewide average reimbursement amounts that HealthKeepers previously has paid for similar claims in the Commonwealth of Virginia, reimbursement amounts accepted by like/similar Providers contracted with HealthKeepers, reimbursement rates accepted by Providers under the last network contract in effect with HealthKeepers, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the Maximum Allowed amount upon the level and/or method of reimbursement used by CMS, HealthKeepers will update such information, which is adjusted or unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third-party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers’ fees and costs to deliver care; or
4. An amount negotiated by us or a third-party vendor, which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount based on or derived from the total charges billed by the Out-of-Network Provider.

A per diem amount may be used in calculating the Maximum Allowed Amount for Inpatient facility services. When calculating these amounts, the charges for non-Covered Services are subtracted from the per diem amount.

**Providers who are not contracted for this product, but are contracted for other products with us are also considered Out-of-Network. For this Booklet, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between us and that Provider specifies a different amount or if your claim is subject to the balance billing provisions outlined in “Balance Billing by Out-of-Network Providers” in the “How Your Plan Works” section.**

For Covered Services rendered outside HealthKeepers' Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the HealthKeepers' Service Area, or a special negotiated price.

Unlike In-Network Providers, Out-of-Network Providers may send you a bill and collect for the amount of the Provider's charge that exceeds the Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. The exception to this is outlined in “Balance Billing by Out-of-Network Providers” in the “How Your Plan Works” section. Choosing an In-Network Provider will likely result in lower out-of-pocket costs to you. Please call Member Services for help in finding an In-Network Provider or visit our website at [www.anthem.com](http://www.anthem.com).

Member Services is also available to assist you in determining this Booklet's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for us to assist you, you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate your out-of-pocket responsibility. Although Member Services can assist you with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by us using Prescription Drug cost information provided by the Pharmacy Benefits Manager.

### **Member Cost Share**

For certain Covered Services and depending on your Plan design, you may be required to pay a part of the Maximum Allowed Amount as your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether you received services from an In-Network or Out-of-Network Provider. Specifically, you may be required to pay higher cost sharing amounts or may have limits on your benefits when using Out-of-Network Providers. Please see the “Schedule of Benefits” in this Booklet for your cost share responsibilities and limitations, or call Member Services to learn how this Booklet's benefits or cost share amounts may vary by the type of Provider you use.

We will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network or Out-of-Network Provider. Non-covered services include services specifically excluded from coverage by the terms of your Plan and received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits. The Maximum Allowed Amount for Inpatient facility services may be based on a per diem amount. When calculating these amounts, the charges for non-Covered Services are subtracted from the per diem amount.

**The following are examples for illustrative purposes only; the amounts shown may be different than this Booklet's cost share amounts; see your "Schedule of Benefits" for your applicable amounts.**

*Example: Your Plan has a Coinsurance cost share of 20% for In-Network services, and 30% for Out-of-Network services after the In-Network or Out-of-Network Deductible has been met.*

- *You choose an In-Network surgeon. The charge was \$2500. The Maximum Allowed Amount for the surgery is \$1500; your Coinsurance responsibility when an In-Network surgeon is used is 20% of \$1500, or \$300. We allow 80% of \$1500, or \$1200. The In-Network surgeon accepts the total of \$1500 as reimbursement for the surgery regardless of the charges. Your total out of pocket responsibility would be \$300.*
- *You choose an Out-of-Network surgeon. The Out-of-Network surgeon's charge for the service is \$2500. The Maximum Allowed Amount for the surgery service is \$1500; your Coinsurance responsibility for the Out-of-Network surgeon is 30% of \$1500, or \$450 after the Out-of-Network Deductible has been met. We allow the remaining 70% of \$1500, or \$1050. **In addition**, the Out-of-Network surgeon could bill you the difference between \$2500 and \$1500, so your total out-of-pocket charge would be \$450 plus an additional \$1000, for a total of **\$1450**.*

### **Authorized Services**

In some circumstances, such as where there is no In-Network Provider available for the Covered Service, we may authorize the In-Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstances, you must contact us in advance of obtaining the Covered Service. If we authorize an In-Network cost share amount to apply to a Covered Service received from an Out-of-Network Provider, you may also still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge. The exception to this is outlined in "Balance Billing by Out-of-Network Providers" in the "How Your Plan Works" section. Please contact Member Services for Authorized Services information or to request authorization.

**The following are examples for illustrative purposes only; the amounts shown may be different than this Booklet's cost share amounts; see your "Schedule of Benefits" for your applicable amounts.**

*Example:*

*You require the services of a specialty Provider; but there is no In-Network Provider for that specialty in your state of residence. You contact us in advance of receiving any Covered Services, and we authorize you to go to an available Out-of-Network Provider for that Covered Service and we agree that the In-Network cost share will apply.*

*Your Plan has a \$45 Copayment for Out-of-Network Providers and a \$25 Copayment for In-Network Providers for the Covered Service. The Out-of-Network Provider's charge for this service is \$500. The Maximum Allowed Amount is \$200.*

*Because we have authorized the In-Network cost share amount to apply in this situation, you will be responsible for the In-Network Copayment of \$25 and we will be responsible for the remaining \$175 of the \$200 Maximum Allowed Amount.*

*Because the Out-of-Network Provider's charge for this service is \$500, you may receive a bill from the Out-of-Network Provider for the difference between the \$500 charge and the Maximum Allowed Amount of \$200. Combined with your In-Network Copayment of \$25, your total out of pocket expense would be \$325. The exception outlined in "Balance Billing by Out-of-Network Providers" in the "How Your Plan Works" section may further affect your total liability. Please see that section for additional details.*

## Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

## Claims Review

HealthKeepers has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

## Notice of Claim & Proof of Loss

Written notice of a claim is to be made within 20 days after the occurrence or commencement of any loss covered by the health plan. However, failure to give this notice shall not invalidate or reduce any claim if the notice is given as soon as reasonably possible. After you get Covered Services, we must receive written notice of your claim within 90 days in order for benefits to be paid. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask for more details and it must be sent to us within the time listed below or no benefits will be covered, unless required by law.

In certain cases, you may have some extra time to file a claim. If we did not get your claim within 90 days, but it is sent in as soon as reasonably possible and within one year after the 90-day period ends (i.e., within 15 months), you may still be able to get benefits. **However, except in the absence of legal capacity of the Covered Person, any claims, or additional information on claims, sent in more than 15 months after you get Covered Services will be denied, unless an extension is required by federal law.**

All benefits payable for a claim will be payable within 60 days after receipt of the proof of loss unless another timeframe is required under state or federal law.

## Claim Forms

Claim forms will usually be available from most Providers. If forms are not available, either send a written request for a claims form to us, or contact Member Services and ask for a claims form to be sent to you. Claim forms will be furnished to you if needed within 15 days after this written notice. If you do not receive the claims form, written notice of services rendered may be submitted to us without the claim form. The same information that would be given on the claim form must be included in the written notice of claim. This includes:

- Name of patient.
- Patient's relationship with the Subscriber.
- Identification number.
- Date, type, and place of service.
- Your signature and the Provider's signature.

## Member's Cooperation

It is your responsibility to submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program.

## Payment of Benefits

You authorize the Claims Administrator, in its own discretion and on behalf of the Employer, to make payments directly to Providers for Covered Services. In no event, however, shall the Plan's right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Plan. The Claims Administrator also reserves the right, in its own discretion, to make payments directly to you as opposed to any Provider for Covered Services, except for claims for Emergency Care or Surprise Billing Claims for air ambulance services or non-Emergency services performed by Out-of-Network Providers at certain In-Network Facilities, which will be paid directly to Providers and Facilities. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the Out-of-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the Employer's Plan), or that person's custodial parent or designated representative. Any payments made by the Claims Administrator (whether to any Provider for Covered Service or You) will discharge the Plan's obligation to pay for Covered Services. You cannot assign your right to receive payment to anyone, except as required by a "Qualified Medical Child Support Order" as defined by, and if subject to, ERISA or any applicable Federal law.

Once a Provider performs a Covered Service, the Claims Administrator will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the Plan and/or law, sue or otherwise begin legal action, or request Plan documents or any other information that a Participant or beneficiary may request under ERISA. Any assignment made without written consent from the Plan will be void and unenforceable.

Once a claim has been processed, if your portion of the bill is anything other than zero or equal to a flat copayment amount, a paper copy of the Explanation of Benefits (EOB) statement will be mailed to you to explain your responsibility. In the event that your portion of the bill is zero or equal to a flat copayment amount, the paper copy will not be mailed, but will be available to you online at [www.anthem.com](http://www.anthem.com). If you do not have access to the Internet, you may contact Member Services to arrange for a printed copy.

## Inter-Plan Arrangements

### Out-of-Area Services

#### Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “HealthKeepers Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the HealthKeepers Service Area, you will receive it from one of two kinds of Providers. Most Providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“nonparticipating providers”) don’t contract with the Host Blue. We explain below how we pay both kinds of Providers.

#### Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

#### A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you receive Covered Services outside the HealthKeepers Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

#### B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, HealthKeepers may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to HealthKeepers by the Host Blue.

### **C. Special Cases: Value-Based Programs**

#### *BlueCard® Program*

If you receive Covered Services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to HealthKeepers through average pricing or fee schedule adjustments. Additional information is available upon request.

#### *Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements*

If HealthKeepers has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Employer on your behalf, HealthKeepers will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

### **D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees**

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

### **E. Nonparticipating Providers Outside Our Service Area**

#### **1. Allowed Amounts and Member Liability Calculation**

When Covered Services are provided outside of HealthKeepers' Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

#### **2. Exceptions**

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the HealthKeepers Service Area, or a special negotiated price to determine the amount we will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment we make for the Covered Services as set forth in this paragraph. The exception to this is outlined in "Balance Billing by Out-of-Network Providers" in the "How Your Plan Works" section.

# Coordination of Benefits When Members Are Insured Under More Than One Plan

## Coordination of Benefits (COB)

Special coordination of benefits (COB) rules apply when you or members of your family have additional health care coverage through other group health plans, including:

- group insurance plans, including other Blue Cross and Blue Shield plans or HMO plans;
- labor management trustee plans, union welfare plans, employer welfare plans, employer organization plans, or employee benefit organization plans; and
- coverage under any tax-supported or government program to the extent permitted by law.

All benefits provided under this agreement are subject to this provision. However, benefits will not be increased by this COB provision. When you are covered by more than one group health plan, your benefits under this Plan will be coordinated with the benefits of those Other Plans so that the benefits and services you receive from all group coverages do not exceed 100% of the Maximum Allowed Amount.

## Primary Coverage and Secondary Coverage

When a member is also enrolled in another group health plan, one coverage will pay benefits first (be primary) and the other will pay second (be secondary). The primary coverage will pay benefits first. The decision of which coverage will be primary or secondary is made using benefit determination rules.

When this health plan provides secondary coverage, we first calculate the amount that would have been payable had this health plan been primary. Then we coordinate benefits so that the combination of the primary plan's payment and this health plan's payment does not exceed the amount this health plan would have paid had it been primary. When the primary coverage provides benefits in the form of services rather than payment, a reasonable cash value of the services will be assigned and then considered to be the benefit payment.

Calculation of the amount that would have been payable does not include the amount that is subject to the Primary high-deductible health plan's deductible, if we have been advised by you that all Plans covering you are high-deductible health plans and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.

## Definition of "Other Contract"

Other Contract means any arrangement providing health care benefits or services through:

- group or blanket insurance coverage;
- group Blue Cross Blue Shield, health maintenance organization, and other prepayment coverage;
- coverage under labor management trustee plans, union welfare plans, employer organization plans, or employee benefit organization plans; and
- coverage under any tax supported or government program to the extent permitted by law.

If there is more than one Other Contract, this provision will apply separately to each. If an Other Contract has a coordination of benefits provision that applies to only part of its services, the terms of this paragraph will be applied separately to that part and to any other part.

When benefits are provided in the form of services, the reasonable cash value of each service shall be deemed the benefit.

HealthKeepers will not determine the existence of any Other Contract, or the amount of benefits payable under any Other Contract except this agreement. The payment of benefits under this agreement shall be affected by the benefits payable under Other Contracts only when HealthKeepers is given information about Other Contracts.

If the rules of this agreement and the Other Contract both provide that this agreement is primary, then this agreement is primary. When HealthKeepers determines that this agreement is secondary under the rules described below, benefits will be coordinated so that our payment plus the Other Contract's payment will not exceed HealthKeepers' Maximum Allowed Amount for covered services.

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by anyone to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

## Order of Benefit Determination Rules

If coverage under a contract is taken out in the name of a covered person, then that contract will be primary for that covered person. However, if the person is also entitled to Medicare, and as a result of federal law Medicare is:

- secondary to the contract covering the person as a Dependent; and
- primary to the contract covering the person as other than a Dependent (e.g., a retired employee);
- then the benefits of the contract covering the person as a Dependent are determined before those of the contract covering the person as other than a Dependent.

For children who are covered under both parents' contracts, the following will apply:

- The contract of the parent whose birthday occurs earlier in the calendar year will be primary.
- When parents are separated or divorced, the following special rules will apply:
  - If the parent with custody has not remarried, that parent's contract will be primary.
  - If the parent with custody has remarried, that parent's contract will be primary and the stepparent's contract will be secondary. The benefits of the contract of the parent without custody will be determined last.
  - The rules listed above may be changed by a court decree:
    - A court decree that orders one of the parents to be responsible for health care expenses will cause that parent's contract to be primary, but only if the entity providing the benefits in this case is notified of the court decree before applying benefits.
    - If the court decree does not state that one of the parents is responsible for health care expenses and both parents have joint custody, the contract of the parent whose birthday occurs earlier in the calendar year will be primary.

If the Other Contract includes the gender rule, then that rule will be used instead of the rules listed above. The gender rule states that the father's contract will be primary for the children.

If there are situations not covered above, then the contract that has been in effect the longest period of time (without interruption) will be primary. There is an exception to this rule. The contract that covers a working employee (or his Dependent) will be primary. The contract of a laid-off employee, a retired employee, or a person on continuation of coverage options under federal or state law will be secondary.

If an Other Contract has different rules from those listed above other than the gender rule, that contract will be primary.

If payments should have been made under this agreement under the rules of this provision, but they have been made under any Other Contract, HealthKeepers may pay an entity (provider, other carrier, etc.) that has paid any amounts it determines will meet the intent of this provision. These amounts shall be deemed to be benefits paid under this agreement. Upon this payment, HealthKeepers will no longer be liable under this agreement.

The preceding paragraph does not apply to claims for outpatient prescription drugs provided by a pharmacy when Medicare Part D provides the covered person's primary prescription drug coverage. See the following section for more information.

## How Prescription Drug Benefits Are Coordinated When Medicare Part D is Primary

If Medicare Part D provides your primary coverage for outpatient prescription drugs provided by a pharmacy, we first calculate the amount that would have been payable had this health plan been primary. We then pay a secondary benefit up to that amount, in order to reduce any amount you had to pay out-of-pocket under Medicare Part D. The benefit we pay is limited to the lesser of the amount you paid out-of-pocket under Medicare Part D or the amount this health plan would have paid if it had been primary.

## **Your Right to Appeal**

We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about the Plan or a service you have received. In those cases, please contact Member Services by calling the number on the back of your ID card. The Plan will try to resolve your complaint informally by talking to your Provider or reviewing your claim. If you are not satisfied with the resolution of your complaint, you have the right to file an appeal, which is defined as follows:

Complaints typically involve issues such as dissatisfaction about the Plan's services, quality of care, the choice of and accessibility to the Plan's providers and network adequacy. Appeals typically involve a request to reverse a previous decision made by the Plan. Requests regarding claim errors, claim corrections, and claims denied for additional information may be reopened for consideration without having to invoke the appeal process.

### **Complaint Process**

Upon receipt, your complaint will be reviewed and investigated. You will receive a response within 30 calendar days of the Plan's receipt of your complaint. If we are unable to resolve your complaint in 30 calendar days, you will be notified on or before calendar day 30 that more time is required to resolve your complaint. We will then respond to you within an additional 30 calendar days.

Written complaints may be filed to the following address:

HealthKeepers, Inc.  
Attention: Appeals  
P.O. Box 27401  
Richmond, VA 23279

### **Appeal Process**

HealthKeepers, on behalf of the Employer, is committed to providing a full and fair process for resolving disputes and responding to requests to reconsider coverage decisions you find unacceptable, whether the decision is a claim denial or a rescission of coverage. A rescission is a retroactive termination of coverage, other than when it is attributable to a failure to timely pay required Fees or contributions towards the cost of coverage.

There are two types of appeals. Internal appeals are requests to reconsider rescissions or coverage decisions of pre-service or post-service claims. Expedited appeals are made available when the application of the time period for making pre-service or post-service appeal decisions could seriously jeopardize the patient's life, health or ability to regain maximum function, or in the opinion of the patient's physician, would subject the patient to severe pain that cannot be adequately managed without the care or treatment.

### **How to Appeal a Coverage Decision**

To appeal a coverage decision (including a rescission), please send a written explanation of why you feel the coverage decision was incorrect. You or your authorized representative acting on your behalf may submit the written explanation. Alternatively, this information may be provided to a Member Services representative over the phone. This is your opportunity to provide any comments, documents, or information that you feel the Plan should consider when reviewing your appeal.

Please include with the explanation:

- the patient's name, address and telephone number;
- your identification and group number (as shown on your identification card); and
- in the case of a claim, the name of the health care professional or facility that provided the service, including the date and description of the service provided and the charge.

You may contact Member Services with your appeal or any questions concerning your health benefit plan. To contact Member Services please call the number on the back of your Identification Card. When submitting your appeal in writing, it should be sent to the following address:

**For Medical and Prescription Drug or Pharmacy Issues:**

HealthKeepers, Inc.  
 Attention: Appeals  
 P.O. Box 27401  
 Richmond, VA 23279

You must file your appeal within 180 days of the date you were notified of the adverse benefit determination.

### **Prescription Drug List Exceptions**

Please refer to the "Prescription Drug List" section in "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy" for the process to submit an exception request for Drugs not on the Prescription Drug List.

### **How HealthKeepers Will Handle Your Appeal**

In reviewing your appeal, the Plan will take into account all the information you submit, regardless of whether the information was considered at the time the initial coverage decision was made. A new review will be completed, and will not assume the correctness of the original determination. The individual reviewing your appeal will not have participated in the original coverage decision, and will not be a subordinate of the individual who made the original determination. Appeals involving medical necessity will be reviewed by a clinical peer reviewer. Any other decision that involves the review of medical information will be made by appropriate clinical staff.

The Plan resolve and respond to your appeal as follows:

- For pre-service claims, we will respond in writing within 30 days after receipt of the request to appeal;
- For post-service claims and rescissions, we will respond in writing within 60 days after receipt of the request to appeal; or
- For expedited appeals, we will respond to you and your provider as soon as possible taking into account your medical condition, but not later than 72 hours from receipt of the request.

The Plan will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination based on new or additional rationale, we will provide you, free of charge, with the rationale.

When the Plan's review of your appeal has been completed, you will receive written notification of the outcome. In the event that the original coverage decision is upheld, the written notification will include the specific reasons and the plan provision(s) on which the determination is based. You will also be entitled to receive, upon request and at no charge, the following:

- reasonable access to, and copies of, all documents, records, and other information relevant to the appeal;
- any rule, guideline, protocol or criterion relied upon in the coverage decision(s);

- the explanation of the scientific or clinical judgment as it relates to the patient's medical condition if the coverage decision was based on the medical necessity or experimental nature of the care; and
- the identification of medical or vocational experts whose advice was obtained by the plan in connection with the claimant's adverse decision, whether or not the advice was relied upon.

## Notice of Adverse Benefit Determination

If your claim is denied, our notice of the adverse benefit determination will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific Plan provision(s) on which our determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the Plan's review procedures and the time limits that apply to them, including a statement of your right to bring a civil action **[Standard but may delete if non-ERISA group requests: under ERISA]** within one year of the grievance or appeal decision if you submit a grievance or appeal and the claim denial is upheld.
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision;
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- information regarding your potential right to an External Appeal pursuant to federal law.

For claims involving urgent/concurrent care:

- our notice will also include a description of the applicable urgent/concurrent review process; and
- we may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

## External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, or if it pertained to a rescission of coverage, you may be eligible for an independent external review pursuant to federal law. You must submit your request for external review to the Plan within four (4) months of the notice of your final adverse determination.

A request for external review must be in writing unless the Plan determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted as part of the internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an expedited external review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the Plan's internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the Plan's decision, can be sent between us and you by telephone, facsimile or other similar method. To proceed with an expedited external review, you or your authorized representative must contact the Plan at the number shown on your identification card and provide at least the following information:

- the identity of the claimant;
- The date (s) of the medical service;

- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for external review should be submitted in writing unless the Plan determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Address:  
HealthKeepers, Inc.  
Attention: Appeals  
P.O. Box 27401  
Richmond, VA 23279

Your decision to seek external review will not affect your rights to any other benefits under this Plan. There is no charge for you to initiate an independent external review. The external review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA.

## **Requirement to File an Appeal Before Filing a Lawsuit**

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within one year of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's decision on the claim or other request for benefits from which the appeal was taken shall be considered the Plan's final decision, and the one-year period in which a lawsuit or legal action must be brought shall run from the date of that final decision, not the date on which HealthKeepers decided the appeal was untimely. You must exhaust the internal appeals procedure, but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan. If your health benefit Plan is sponsored by your Employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA within one year of the appeal decision.

**The Plan reserves the right to modify the policies, procedures and time frames in this section upon further clarification from Department of Health and Human Services and Department of Labor.**

# Eligibility and Enrollment – Adding Members

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below. For more specific information, please see your Human Resources or Benefits Department.

## Who is Eligible for Coverage

### The Subscriber

To be eligible to enroll as a Subscriber, the individual must:

- Be an Employee, member, or retiree of the Employer, and
- Be entitled to participate in the benefit Plan arranged by the Employer;
- Have satisfied any probationary or waiting period established by the Employer and (for non-retirees) and perform the duties of your principal occupation for the Employer.
- Reside or work in the Service Area.

### Dependents

To be eligible to enroll as a Dependent, you must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Employer, and be one of the following:

- The Subscriber's legally married Spouse.
- The Subscriber's or the Subscriber's Spouse's children, including natural children, stepchildren, newborn and legally adopted children and children who the Employer has determined are covered under a Qualified Medical Child Support Order as defined by ERISA or any applicable state law.
- Children for whom the Subscriber or the Subscriber's Spouse is a legal guardian or as otherwise required by law.

All enrolled eligible children will continue to be covered until the age limit listed in the Schedule of Benefits. Coverage may be continued past the age limit in the following circumstances:

- The age limit does not apply for the initial enrollment or maintaining enrollment of an unmarried child who cannot support himself or herself because of intellectual or physical disability that began prior to the child reaching the age limit. Coverage may be obtained for the child who is beyond the age limit at the initial enrollment if the subscriber provides proof of impairment and dependence at the time of enrollment. For the child enrolled prior to reaching the age limit, coverage may continue beyond the age limit if the subscriber provides proof of impairment and dependence within 31 days after he/she reaches the age limit. You may be asked to provide physician's certification of the Dependent's condition. Subsequent proof of incapacity and dependency may be required annually after the two-year period following the child's attainment of the specified age. Also following the child's attainment of the specified age, you must notify us if the Dependent's marital status changes and they are no longer eligible for continued coverage.

We may require you to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child's coverage.

To obtain coverage for children, we may require you to give us a copy of any legal documents awarding guardianship of such child(ren) to you.

## Types of Coverage

Your Employer offers the enrollment options listed below. After reviewing the available options, you may choose the option that best meets your needs. The options are as follows:

- Subscriber only (also referred to as single coverage);
- Subscriber and Spouse;
- Subscriber and one child;
- Subscriber and child(ren);
- Subscriber and family.

## When You Can Enroll

### Initial Enrollment

The Employer will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage. Coverage will be effective based on the waiting period chosen by the Employer and will not exceed 90 days.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described below.

### Open Enrollment

Open Enrollment refers to a period of time, usually 60 days, during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. The Employer will notify you when Open Enrollment is available.

### Special Enrollment Periods

If a Subscriber or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Subscriber or Dependent must request Special Enrollment within 31 days of a qualifying event.

Special Enrollment is available for eligible individuals who:

- Lost eligibility under a prior health plan for reasons other than non-payment of Fees or due to fraud or intentional misrepresentation of a material fact;
- Exhausted COBRA benefits or stopped receiving group contributions toward the cost of the prior health plan;
- Lost Employer contributions towards the cost of the other coverage;
- Are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

### Important Notes about Special Enrollment:

- Members who enroll during Special Enrollment are **not** considered Late Enrollees.
- Individuals must request coverage within 31 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).

## Medicaid and Children's Health Insurance Program Special Enrollment

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or

- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program).

The Subscriber or Dependent must request Special Enrollment within 60 days of the above events.

## **Late Enrollees**

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

## **Members Covered Under the Employer's Prior Plan**

Members who were previously enrolled under another plan offered by the Employer that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

## **Enrolling Dependent Children**

### **Newborn Children**

Newborn children are covered automatically from the moment of birth when properly enrolled for coverage. Following the birth of a child, you must submit an application / change form to the Employer 31 days to add the newborn to your Plan.

Even if no additional Fees are required, you must still submit an application / change form to the Employer to add the newborn to your Plan, to make sure we have accurate records and are able to cover your claims.

If additional Fees are required, your newborn's coverage will only continue past the initial 31 days if you send the Employer the application / change form and pay the additional Fees within 31 days of the birth.

### **Adopted Children**

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent's Effective Date will be the date of the adoption or placement for adoption if you send us the completed application / change form within 31 days of the event.

When adoptive or parental placement occurs within 31 days of birth, such child shall be considered a newborn child of the insured, covered automatically for the first 31 days, as outlined in the Newborn Children section.

### **Adding a Child due to Award of Legal Custody or Guardianship**

If you or your Spouse is awarded legal custody or guardianship for a child, an application must be submitted within 31 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

### **Qualified Medical Child Support Order**

If you are required by a qualified medical child support order or court order, as defined by ERISA and/or applicable state or federal law, to enroll your child in this Plan, we will permit the child to enroll at any time without regard to any Open Enrollment limits and will provide the benefits of this Plan according to the applicable requirements of such order. However, a child's coverage will not extend beyond any Dependent Age Limit listed in the Schedule of Benefits.

## Updating Coverage and/or Removing Dependents

You are required to notify the Employer of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Employer and complete the appropriate forms:

- Changes in address;
- Marriage or divorce;
- Death of an enrolled family member (a different type of coverage may be necessary);
- Enrollment in another health plan or in Medicare;
- Eligibility for Medicare;
- Dependent child reaching the Dependent Age Limit (see “Termination and Continuation of Coverage”);
- Enrolled Dependent child either becomes totally or permanently disabled, or is no longer disabled.

Failure to notify the Employer of individuals no longer eligible for services will not obligate the Plan to cover such services, even if Fees are received for those individuals. All notifications must be in writing and on approved forms.

## Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age. Providers operating within the scope of practice, license or certification cannot be discriminated against.

## Statements and Forms

All Members must complete and submit applications or other forms or statements that the Employer may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any material misrepresentation by you may result in termination of coverage as provided in the “Termination and Continuation of Coverage” section. The Plan will not use a statement made by you to void your coverage after that coverage has been in effect for two years. This does not apply, however, to fraudulent misstatements.

# Termination and Continuation of Coverage

## Termination

Except as otherwise provided, your coverage may terminate in the following situations:

- When the Administrative Services Agreement between the Employer and us terminates. It will be the Employer's responsibility to notify you of the termination of coverage.
- If you choose to terminate your coverage.
- If you or your Dependents cease to meet the eligibility requirements of the Plan, subject to any applicable continuation requirements. If you cease to be eligible, you must notify the Employer immediately. You shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.
- If you elect coverage under another carrier's health benefit plan, which is offered by the Employer as an option instead of this Plan, subject to the consent of the Employer. The Employer agrees to immediately notify us that you have elected coverage elsewhere.
- If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a 30-calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying us for the cost of previously received services based on the Maximum Allowable Amount for such services, less any Copayments made or Fees paid for such services.
- If you fail to pay or fail to make satisfactory arrangements to pay your portion of the Fees, the Employer may terminate your coverage and may also terminate the coverage of your Dependents.
- If you permit the use of your or any other Member's Plan Identification Card by any other person; use another person's Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse the Plan for the Maximum Allowed Amount for services received through such misuse.

You will be notified in writing of the date your coverage ends by either us or the Employer.

## Removal of Members

Upon written request through the Employer, you may cancel your coverage and/or your Dependent's coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the termination date.

## Continuation of Coverage Under Federal Law (COBRA)

The following applies if you are covered by an Employer that is subject to the requirements of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended.

COBRA continuation coverage can become available to you when you would otherwise lose coverage under your Employer's health Plan. It can also become available to other Members of your family, who are covered under the Employer's health Plan, when they would otherwise lose their health coverage. For additional information about your rights and duties under federal law, you should contact the Employer.

### **Qualifying Events for Continuation Coverage Under Federal Law (COBRA)**

COBRA continuation coverage is available when your coverage would otherwise end because of certain "qualifying events." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your Spouse and your Dependent children could become qualified beneficiaries if you were covered on the day before the qualifying event and your coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each Member of your family who is enrolled in the Plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their Spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

<b>Qualifying Event</b>	<b>Length of Availability of Coverage</b>
<p><b><u>For Subscribers:</u></b></p> <p>Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked</p>	18 months
<p><b><u>For Dependents:</u></b></p> <p>A Covered Subscriber's Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked</p> <p>Covered Subscriber's Entitlement to Medicare</p> <p>Divorce or Legal Separation</p> <p>Death of a Covered Subscriber</p>	<p>18 months</p> <p>36 months</p> <p>36 months</p> <p>36 months</p>
<p><b><u>For Dependent Children:</u></b></p> <p>Loss of Dependent Child Status</p>	36 months

COBRA coverage will end before the end of the maximum continuation period listed above if you become entitled to Medicare benefits. In that case, a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your Spouse and children can last up to 36 months after the date of Medicare entitlement.)

## **If Your Employer Offers Retirement Coverage**

If you are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to your Employer, and that bankruptcy results in the loss of coverage, you will become a qualified beneficiary with respect to the bankruptcy. Your Dependents will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life and his or her Dependents may also continue coverage for a maximum of up to 36 months following the date of the retiree's death.

## **Second Qualifying Event**

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, your Dependents can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred.

## **Notification Requirements**

The Employer will offer COBRA continuation coverage to qualified beneficiaries only after the Employer has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, commencement of a proceeding in bankruptcy with respect to the Employer, or the Subscriber's becoming entitled to Medicare benefits (under Part A, Part B, or both), the Employer will notify the COBRA Administrator (e.g., Human Resources or their external vendor) of the qualifying event.

## **You Must Give Notice of Some Qualifying Events**

For other qualifying events (e.g., divorce or legal separation of the Subscriber and Spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you must notify the Employer within 60 days after the qualifying event occurs.

## **Electing COBRA Continuation Coverage**

To continue your coverage, you or an eligible family Member must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your family Member of this right, whichever is later. You must pay the total Fees appropriate for the type of benefit coverage you choose to continue. If the Fee changes for active associates, your monthly Fee will also change. The Fee you must pay cannot be more than 102% of the Fees charged for Employees with similar coverage, and it must be paid to the company's benefit Plan Administrator within 30 days of the date due, except that the initial Fee payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

## **Disability Extension of 18-month Period of Continuation Coverage**

For Subscribers who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Subscribers who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Subscribers' Dependents are also eligible for the 18- to 29-month disability extension. (This also applies if any covered family Member is found to be disabled.) This would only apply if the qualified beneficiary gives notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of Fees for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no

longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

## **Trade Adjustment Act Eligible Individual**

If you don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this Plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

## **When COBRA Coverage Ends**

COBRA benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period;
- A covered individual fails to pay a required Fee on time;
- A covered individual becomes covered under any other group health plan after electing COBRA. If the other group health plan contains any exclusion or limitation on a pre-existing condition that applies to you, you may continue COBRA coverage only until these limitations cease;
- A covered individual becomes entitled to Medicare after electing COBRA; or
- The Employer terminates all of its group welfare benefit plans.

## **Other Coverage Options Besides COBRA Continuation Coverage**

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at [www.healthcare.gov](http://www.healthcare.gov).

## **If You Have Questions**

Questions concerning your Employer's health Plan and your COBRA continuation coverage rights should be addressed to the Employer. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at [www.dol.gov/ebsa](http://www.dol.gov/ebsa). (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

## **Continuation of Coverage Due To Military Service**

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Subscriber or his / her Dependents may have a right to continue health care coverage under the Plan if the Subscriber must take a leave of absence from work due to military leave.

Employers must give a cumulative total of five years and in certain instances more than five years of military leave.

"Military service" means performance of duty on a voluntary or involuntary basis and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

During a military leave covered by USERRA, the law requires Employers to continue to give coverage under this Plan to its Members. The coverage provided must be identical to the coverage provided to similarly situated, active Employees and Dependents. This means that if the coverage for similarly situated, active Employees and Dependents is modified, coverage for you (the individual on military leave) will be modified.

You may elect to continue to cover yourself and your eligible Dependents by notifying your Employer in advance and submitting payment of any required contribution for health coverage. This may include the amount the Employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active Member contribution, if any, for continuation of health coverage. For military leaves of 31 days or more, you may be required to pay up to 102% of the full cost of coverage, i.e., the Employee and Employer share.

The amount of time you continue coverage due to USERRA will reduce the amount of time you will be eligible to continue coverage under COBRA.

### **Maximum Period of Coverage During a Military Leave**

Continued coverage under USERRA will end on the earlier of the following events:

1. The date you fail to return to work with the Employer following completion of your military leave. Subscribers must return to work within:
  - a) The first full business day after completing military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service.
  - b) 14 days after completing military service for leaves of 31 to 180 days,
  - c) 90 days after completing military service for leaves of more than 180 days; or
2. 24 months from the date your leave began.

### **Reinstatement of Coverage Following a Military Leave**

Regardless of whether you continue coverage during your military leave, if you return to work your health coverage and that of your eligible Dependents will be reinstated under this Plan if you return within:

1. The first full business day of completing your military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service;
2. 14 days of completing your military service for leaves of 31 to 180 days; or
3. 90 days of completing your military service for leaves of more than 180 days.

If, due to an illness or injury caused or aggravated by your military service, you cannot return to work within the time frames stated above, you may take up to:

1. Two years; or
2. As soon as reasonably possible if, for reasons beyond your control you cannot return within two years because you are recovering from such illness or injury.

If your coverage under the Plan is reinstated, all terms and conditions of the Plan will apply to the extent that they would have applied if you had not taken military leave and your coverage had been continuous. Any waiting / probationary periods will apply only to the extent that they applied before.

Please note that, regardless of the continuation and/or reinstatement provisions listed above, this Plan will not cover services for any illness or injury caused or aggravated by your military service, as indicated in the "What's Not Covered" section.

## **Family and Medical Leave Act of 1993**

A Subscriber who takes a leave of absence under the Family and Medical Leave Act of 1993 (the Act) will still be eligible for this Plan during their leave. We will not consider the Subscriber and his or her Dependents ineligible because the Subscriber is not at work.

If the Subscriber ends their coverage during the leave, the Subscriber and any Dependents who were covered immediately before the leave may be added back to the Plan when the Subscriber returns to work without medical underwriting. To be added back to the Plan, the Group may have to give us evidence that the Family and Medical Leave Act applied to the Subscriber. We may require a copy of the health care Provider statement allowed by the Act.

# General Provisions

## Care Coordination

HealthKeepers, as the Claims Administrator, pays In-Network Providers in various ways to provide Covered Services to you. For example, sometimes HealthKeepers may pay In-Network Providers a separate amount for each Covered Service they provide. HealthKeepers may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, HealthKeepers may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, HealthKeepers may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to HealthKeepers because they did not meet certain standards. You do not share in any payments made by In-Network Providers to HealthKeepers under these programs.

## Circumstances Beyond the Control of the Plan

If circumstances arise that are beyond the control of the Plan, we will make a good-faith effort to ensure Covered Services are available to you. Circumstances that may occur, but are not within the control of the Plan, include but are not limited to, a major disaster, epidemic, war, when health care services covered under this Plan are delayed or rendered impractical, or other events beyond our control. Under such circumstances, we will not be responsible for any delay or failure to give services due to lack of available Facilities or staff.

## Clerical Error

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Employer or us.

## Confidentiality and Release of Information

Applicable federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under federal law and policies and procedures relating to privacy that are referenced but not included in this Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

## Conformity with Law

Any term of the Plan which is in conflict with federal law, will hereby be automatically amended to conform with the minimum requirements of such laws.

## **Contract with HealthKeepers**

The Employer, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Plan constitutes a Contract solely between the Employer and us, HealthKeepers, Inc. (HealthKeepers), and that we are an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the Commonwealth of Virginia. The Blue Cross Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, we are not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. The Employer, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than HealthKeepers and that no person, entity, or organization other than HealthKeepers shall be held accountable or liable to the Employer for any of HealthKeepers' obligations to the Employer created under the Contract. This paragraph shall not create any additional obligations whatsoever on our part other than those obligations created under other terms of this agreement.

## **Employer Waiver**

No agent or other person, except an authorized officer of the Employer, is able to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

## **Employer's Sole Discretion**

The Employer, may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from us (the Claims Administrator), determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

## **Form or Content of Booklet**

No agent or employee of ours is authorized to change the form or content of this Booklet. Changes can only be made through a written authorization, signed by an officer of the Employer.

## **Government Programs**

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require us to be the primary payer. If the Plan has duplicated such benefits, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to the Plan.

## **Medical Policy and Technology Assessment**

HealthKeepers reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of HealthKeepers' medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including HealthKeepers' medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

## **Medicare**

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Booklet terms, and federal law.

Except when federal law requires the Plan to be the primary payer, the benefits under this Plan do not duplicate any benefit for which Members are entitled to or enrolled in under Medicare, including Parts A and/or B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the Plan, to the extent the Plan has made payment for such services. If you do not enroll in Medicare Parts A and/or B when you are eligible, and Medicare would be primary (e.g., for Members in retiree plans or COBRA Members entitled to Medicare), we will calculate benefits as if you had enrolled. Please refer to [www.medicare.gov](http://www.medicare.gov) for more details on when you should enroll.

## **Member Rights and Responsibilities**

The delivery of quality healthcare requires cooperation between patients, their Providers and their healthcare benefit plans. One of the first steps is for patients and Providers to understand Member rights and responsibilities. Therefore, HealthKeepers has adopted a Members' Rights and Responsibilities statement.

It can be found on our website FAQs. To access, go to [www.anthem.com](http://www.anthem.com) and select Member Support. Under the Support column, select FAQs and your state, then the "Laws and Rights That Protect You" category. Then click on the "What are my rights as a member?" question. Members or Providers who do not have access to the website can request copies by contacting HealthKeepers, or by calling the number on the back of the Member ID card.

## **Modifications**

The Plan Sponsor may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

## **Not Liable for Provider Acts or Omissions**

The Plan is not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against HealthKeepers or the Plan based on the actions of a Provider of health care, services, or supplies.

## **Payment Innovation Programs**

We, on behalf of the Plan, pay In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by us or to us under the Program(s), and you do not share in any payments made by Network Providers to us under the Program(s).

## **Policies, Procedures, and Pilot Programs**

We, on behalf of the Employer, are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Administrative Service Agreement, we, on behalf of the Employer, have the authority, in our discretion, to institute from time to time, pilot or test programs for utilization management, disease management, care management, case management, clinical quality, wellness or behavioral health pilot initiatives in certain designated geographic areas. These pilot initiatives are part of our ongoing effort to find innovative ways to make available high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. These programs will not result in the payment of benefits which are not provided in the Employer's Group Health Plan, unless otherwise agreed to by the Employer. We reserve the right to discontinue a pilot initiative at any time without advance notice to Employer.

## **Program Incentives**

We, on behalf of the Employer, may offer incentives from time to time, at our discretion, in order to introduce you to covered programs and services available under this Plan. We may also offer, at our discretion, the ability for you to participate in certain voluntary health or condition-focused digital applications or use other technology based interactive tool, or receive educational information in order to help you stay engaged and motivated, manage your health, and assist in your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making you aware of cost-effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as HealthKeepers offers the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. We may discontinue a program or incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

## **Protected Health Information Under HIPAA**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), and the Privacy Regulations issued under HIPAA, contain provisions designed to protect the privacy of certain individually identifiable health information. Your Employer's Group Health Plan has a responsibility under the HIPAA Privacy Regulations to provide you with a Notice of Privacy Practices. This notice sets forth the Employer's rules regarding the disclosure of your information and details about a number of individual rights you have under the Privacy Regulations. As the Claims Administrator of your Employer's Plan, Anthem has also adopted a number of privacy practices and has described those in its Privacy Notice. If you would like a copy of Anthem's Notice, contact the Member Services number on the back of your Identification Card.

## **Relationship of Parties (Employer-Member-HealthKeepers)**

The Employer is fiduciary agent of the Member. Our notice to the Employer will constitute effective notice to the Member. It is the Employer's duty to notify us of eligibility data in a timely manner. This Plan is not responsible for payment of Covered Services of Members if the Employer fails to provide us timely notification of Member enrollments or terminations.

## **Relationship of Parties (HealthKeepers and In-Network Providers)**

The relationship between HealthKeepers and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or Employees of ours, nor is HealthKeepers, or any Employee of HealthKeepers, an Employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any In-Network Provider or in any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or Referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or us.

## **Reservation of Discretionary Authority**

We, as the Claims Administrator, shall have all the powers necessary or appropriate to enable us to carry out our duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine all questions arising under the Plan, to resolve Member Appeals and to make, establish and amend the rules, regulations and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. We have complete discretion to interpret the Benefit Booklet. Our determination may include, without limitation, determination of whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan's Maximum Allowed Amount. A Member may utilize all applicable Appeals procedures.

## **Right of Recovery and Adjustment**

Whenever payment has been made in error, the Plan will have the right to recover such payment from you or, if applicable, the Provider or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

We, as the Claims Administrator, have oversight responsibility for compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, we have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. The Claims Administrator reserves the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-of-Network claims where the Out-of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

## **Unauthorized Use of Identification Card**

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

## **Value-Added Programs**

We may offer health or fitness related programs to the Plan's Members, through which Members may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under your Plan but are in addition to Plan benefits. As such, program features are not guaranteed under your Plan and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

## **Value of Covered Services**

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Workers' Compensation or Employer Liability Law, the value of Covered Services shall be the amount the Plan paid for the Covered Services.

## **Voluntary Clinical Quality Programs**

The Plan may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. The Plan will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which the Plan encourages you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to test for immediate results or collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing Fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

## **Voluntary Wellness Incentive Programs**

We may offer health or fitness related program options for purchase by your Employer to help you achieve your best health. These programs are not Covered Services under your Plan, but are separate components, which are not guaranteed under this Plan and could be discontinued at any time. If your Employer has selected one of these options to make available to all Employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options an Employer may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact us at the Member Services number on your ID card and we will work with you (and, if you wish, your Doctor) to find a wellness program with the same reward that is right for you in light of your health status. (If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.)

## **Waiver**

No agent or other person, except an authorized officer of the Employer, is able to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

## **Workers' Compensation**

The benefits under this Plan are not designed to duplicate benefits that you are eligible for under Workers' Compensation Law. All money paid or owed by Workers' Compensation for services provided to you shall be paid back by, or on your behalf of to the Plan if it has made or makes payment for the services received. It is understood that coverage under this Plan does not replace or affect any Workers' Compensation coverage requirements.

## Definitions

If you have questions on any of these definitions, please call Member Services at the number on the back of your Identification Card.

### **Authorized Service(s)**

A Covered Service you get from an Out-of-Network Provider that we have agreed to cover at the In-Network level. You will have to pay any In-Network Deductible, Coinsurance, and/or Copayment(s) that apply, and may also have to pay the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge. Please see "Claims Payment" for more details. The exception to this is outlined in "Balance Billing by Out-of-Network Providers" in the "How Your Plan Works" section.

### **Autism Spectrum Disorder**

Means any pervasive developmental disorder or autism spectrum disorder, as defined in the most recent edition or the most recent edition at the time of diagnosis of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

For Autism Spectrum Disorder, Medically Necessary means in accordance with the generally accepted standards of mental disorder or condition care and clinically appropriate in terms of type, frequency, site, and duration, based upon evidence and reasonably expected to do any of the following: (i) prevent the onset of an illness, condition, injury, or disability; (ii) reduce or ameliorate the physical, mental, or developmental effects of an illness, condition, injury, or disability; or (iii) assist to achieve or maintain maximum functional capacity in performing daily activities, taking into account both the functional capacity of the individual and the functional capacities that are appropriate for individuals of the same age.

## **Benefit Period**

The length of time the Plan will cover benefits for Covered Services. For Calendar Year plans, the Benefit Period starts on January 1<sup>st</sup> and ends on December 31<sup>st</sup>. For Plan Year plans, the Benefit Period starts on your Employer's effective or renewal date and lasts for 12 months. (See your Employer for details.) The Schedule of Benefits shows if your Plan's Benefit Period is a Calendar Year or a Plan Year. If your coverage ends before the end of the year, then your Benefit Period also ends.

## **Centers of Medical Excellence (COE) Network**

A network of health care facilities, which have been selected to give specific services to our Members based on their experience, outcomes, efficiency, and effectiveness. An In-Network Provider under this Plan is not necessarily a COE. To be a COE, the Provider must have signed a Center of Medical Excellence Agreement with us.

## **Claims Administrator**

## **Coinsurance**

Your share of the cost for Covered Services, which is a percent of the Maximum Allowed Amount. You normally pay Coinsurance after you meet your Deductible. For example, if your Plan lists 20% Coinsurance on office visits, and the Maximum Allowed Amount is \$100, your Coinsurance would be \$20 after you meet the Deductible. The Plan would then cover the rest of the Maximum Allowed Amount. See the "Schedule of Benefits" for details. Your Coinsurance will not be reduced by any refunds, rebates, or any other form of negotiated post-payment adjustments (except as described in the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy" section).

## **Experimental or Investigational (Experimental / Investigational)**

Means any service or supply that is judged to be experimental or investigative at HealthKeepers' sole discretion. Nothing in this exclusion shall prevent a member from appealing HealthKeepers' decision that a service is experimental / investigative. Services which do not meet each of the following criteria will be excluded from coverage as experimental/investigative:

1. Any supply or drug used must have received final approval to market by the U.S. Food and Drug Administration ("FDA") for the particular indication or application in question. Moreover, quantities of any drug or medication used must be within recommended maximum daily dose or duration established by the FDA or any of the standard reference compendia defined below.

There are two exceptions which apply when a drug has received final approval to market by the FDA, but not for the particular indication or application in question.

- This criterion will be satisfied if the use of the drug is recognized for treatment of the indication or application in any of the following resources:
  - the following three standard reference compendia defined below:
    - American Hospital Formulary Service - Drug Information
    - National Comprehensive Cancer Network's Drugs & Biologics Compendium
    - Elsevier Gold Standard's Clinical Pharmacology
  - in substantially accepted peer-reviewed medical literature. Peer-reviewed medical literature means a scientific study published only after having been critically reviewed for scientific accuracy, validity, and reliability by unbiased independent experts. This study must appear in a journal that has been determined by the International Committee of Medical Journal Editors to have met the Uniform Requirements for Manuscripts submitted to biomedical journals. Peer-reviewed medical literature does not include publications or supplements to publications that are sponsored to a significant extent by a pharmaceutical manufacturing company or health carrier; or
- In the case where the drug is being used for the treatment of a specific type of cancer, this criterion will be satisfied if the use of the drug is recognized as safe and effective for treatment of the specific type of cancer in any of the standard reference compendia.

Despite the above two exceptions, this criterion will not be satisfied if the FDA has determined that use of the drug is not recommended for the treatment of the specific indication for which it is prescribed.

2. There must be enough information in the peer-reviewed medical and scientific literature to let us judge the safety and efficacy.
3. The available scientific evidence must show a good effect on health outcomes outside a research setting.
4. The service or supply must be as safe and effective outside a research setting as current diagnostic or therapeutic options.

New technologies are evaluated against these criteria to determine if services should be included as a covered benefit or considered experimental/investigative.
