Linda is president of Long-Term Care Consultants, Inc. located in North Chesterfield, Virginia. She has been in the insurance industry since 1989, and has specialized in long-term care insurance since 2000. Linda’s passion for providing education and awareness about long-term care planning is a result of her past personal experience. Her mother was physically handicapped when Linda was ten years old and required custodial, long-term care. Linda and her two sisters cared for their mother for eighteen years until she passed away in 1976.

Linda conducts educational meetings with individuals, groups, employer groups, civic groups, fraternal groups and affinity groups. Education about long-term care planning and how it must fit into one’s financial planning--especially post-retirement planning--is becoming a necessity as we are living longer.

“We can’t predict the future, but we can give you peace of mind.

We want to educate and inform you about the reasons you may wish to consider Long-Term Care Insurance.

We cherish clients and their families and treat them as you would your loved ones. We listen to clients and respond to their needs and strive to go the extra mile.

MARK YOUR CALENDARS
